Commencement Exercises

The 1956 Commencement Exercises were opened on October 26th in the Darke Hall with the singing of "O Canada," led by the Central Collegiate Choristers. The curtains opened to reveal new additions to the numbers of those distinguished men and women on stage to present awards. They were Mr. N. C. Griffin, now Vice-Principal, and Mr. L. H. G. Clark who this year succeeded Mr. T. W. Hunt as Principal.

Following three selections by the Choristers, directed by Mr. Lloyd Blackman, Mr. Robert Usher, Chairman of the Collegiate Board, gave the chairman's address. He reminded the audience of the fine scholastic record Central's Students have always had and then urged the Students to be proud of this record, and to keep up this standing.

The first award of the evening, the Gyro Medal, was presented to David May by Mr. L. V. Powe. Presentation of the Imperial Oil Company Scholarship was then made to Regina Pallat by Mr. Verne Hunter.

The General Motors Scholarship, won by Jerry Simon, was presented by Mr. L. J. Paterson.

Then followed the presentations of Staff Medals by Mr. L. H. G. Clark, Principal, to Barbara Ratner, Carol Aitken, Doreen Bowman and Jean Craig.

Mr. M. A. MacPherson was the guest speaker of the evening. His address to the students was most informative and interesting. He urged students to "Further your education at all cost, in order that you may be assured of a full and interesting future."

Next on the program, Sylvia Helston received the University Women's Club Scholarship presented by Mrs. J. A. Struthers. Mrs. D. C. Hart presented the I.O.D.E. Scholarship to Sheila Thompson. A former principal of Central, Mr. J. E. Campbell, awarded the David Silverman Scholarship and the Grant and Roy Campbell Scholarship to Jerry Simon. Mr. J. E. Campbell also presented the Marvin Sandomirsky Memorial Scholarship to Warren Steck and the Bothwell Memorial Scholarship in English to Ruth Harding.

After a selection by the Central Concert Band, the Alumni Memorial Scholarships were presented to Ruth Harding and Sylvia Helston by Mr. M. A. MacPherson. Following this, Warren Steck received the University Men's Club Scholarship from Mr. G. A. Fitzgerald.

Next on the evening's program was the presentation of Class Pins to approximately 80 students of Central by Mrs. G. J. Buck.

The Blair Memorial Prizes went to Lyle Mund and Carol Fraser. Carol Ingham, Sylvia Helston, Jack O'Hashi, Bob Ogilvie, Brian Fisher, Gary Neil, Carol Johns, Carol Aitken, Diane Love and Jean Craig all received Meritorious Prizes. These awards were all presented by Mr. M. J. Spratt.

At the conclusion of "Imperial Echoes" by the Central Collegiate Band, Roberta Lee and Bill Janzen received the Student Council Scholarships from Jack O'Hashi, President.

The presentation of Athletic and Activities Crests and Cs brought the program to a close.

Superannuates

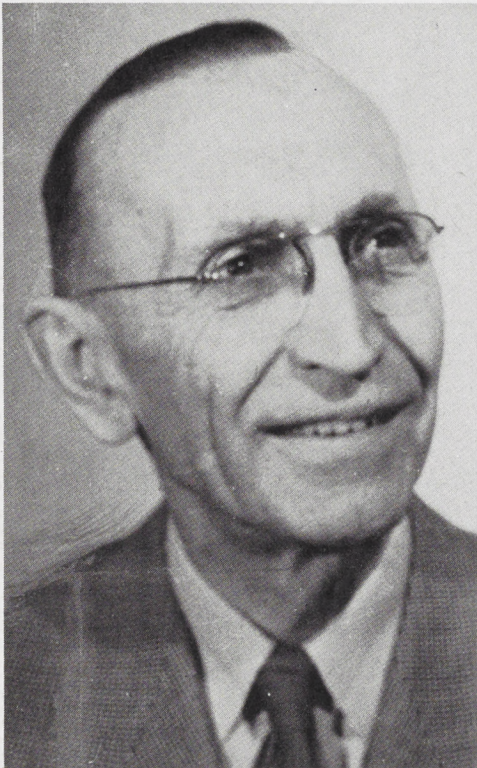

September 4th, 1956, at Central began to the accompaniment of the usual sound of many voices, crowded halls and faces covered with the tan from a care-free summer.

In 3D, however, amid the preparatory din the students missed one quiet voice. Amid the crowd the big desk chair reserved as the seat of authority was strangely empty.

For over a quarter of a century students have come and gone but Mr. MacMurchy over the years held a high place in their councils, in their track and field meets and in the second floor northwest corner surrounded by test tubes, Florence flasks and students with a thirst for scientific knowledge.

The Staff will miss him even more than the students. In our formal business meetings his long years of experience gave him a commonsense approach to school problems. In the more informal atmosphere of the men's Staff room he had ever-ready ideas on topics of the day.

Students and Staff will miss his forthright personality but what our school has lost, one in Alberta has gained. So we pass on to him and Mrs. MacMurchy our best wishes and a toast to the future in their new field of endeavour.

Staff Changes

This year's Central faculty was enlarged by one; the addition of Mr. McLean. Mr. McLean, a graduate in Arts at the University of Saskatchewan, came directly to Central for his first year of teaching after university, and took over duties as home-room teacher for 1-H. In school activities, Mr. McLean acted as staff adviser for the Badminton club, and gained fame in the fall track meet by placing second in the fifty yard dash for staff members. Mr. McLean plans to go back to University in Toronto, next year, and we wish him every success in his plans.

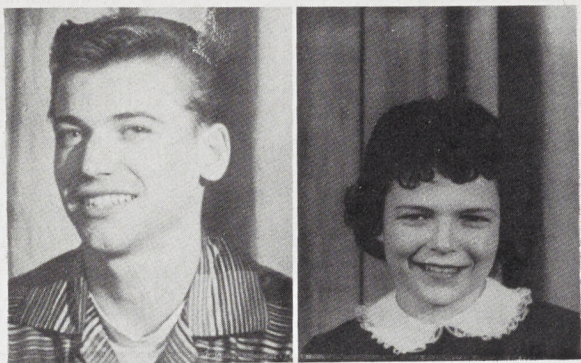

Career Night

Once again, Career Night was held for Grade XI and XII students, this year on February 13th. Students, parents, and speakers assembled in the auditorium, where they were welcomed by Mr. Clark. Then the winners of the vocational essay contest were presented with prizes by Mr. Vogels, president of the Kiwanis Club. This year, the winners were: Sheilagh Cameron, Jack O'Hashi, Jim Szakacs, Brian Fisher and Stan Sandomirsky.

The speakers were introduced by Mr. Vogels, after which the students and parents went to their assigned rooms. A student-chairman introduced the speaker in each class room. Two forty-five minute discussions were held. Following this faculty members, student chairmen and speakers were served lunch in the Home Economics Lab.

The talks given by the speakers are very helpful to grades eleven and twelve students in helping them choose their future vocations. Congratulations go to the Kiwanis Club for providing such capable speakers and such a wide selection of topics.

Inter-Collegiate Council

Once a month representatives from all Collegiates meet to discuss problems of common interest. This group is the Regina Inter-Collegiate Council. Meeting places rotate, being held at a different Collegiate each month.

Officers of I.C.C. for the year 1956-57 were:

President: Sheila Basin (Central)

Vice-President: Lyle Mund (Central)

Secretary: Karen Culham (Scott)

Central was represented on the council by its S.R.C. President Jack O'Hashi, Vice-President Lyle Mund and Social Director Sheila Basin.

The work of the council this year included the organization of Inter-Collegiate Debating the "High School Activities Column" in the Leader Post and Collegiate Reporter program over CKCK.

The Inter-Collegiate Council is and to quote a new constitution adopted this year "an organ to foster human relations among High Schools of Regina."

Study Room Supervision

To discipline oneself is within the capacity of every high school student.

This is realized at Central in Students Study Room Supervision. Through an all-out effort by students and supervisors alike, we have exercised this privilege with great success.

In October of last year, students from grade eleven and twelve were selected as supervisors for every period of the week by the Staff Study Room Supervisor concerned, and the Vice-President.

During the year meetings of Student Supervisors were held to discuss ideas to further develop Student Supervision. A Student Court was organized to emphasize the importance of abiding by supervision rules.

A word of commendation is due our supervisors for the progress made this past year.

Home and School

The Home and School Club resumed its activities this year with Mr. T. M. Craig as chairman. Mrs. G. G. Bradley, Mrs. A. J. MacDonald, Mr. Gordon Keys, Mrs. G. Stratton, Mr. A. R. Colquhoun, and Mrs. A. W. Wigmore made up the executive and the Club enjoyed an enthusiastic year on the part of both parents and teachers.

On October 24, 1956 a panel discussion was held, "Share the Ideas", with Mr. H. M. Bond as chairman. Topics discussed were teenagers' friends, parties, church teen clubs, sororities.

This same topic was continued on November 28, with Mr. H. Janzen as chairman. Budgets for teenagers, part time jobs, and home responsibilities were discussed.

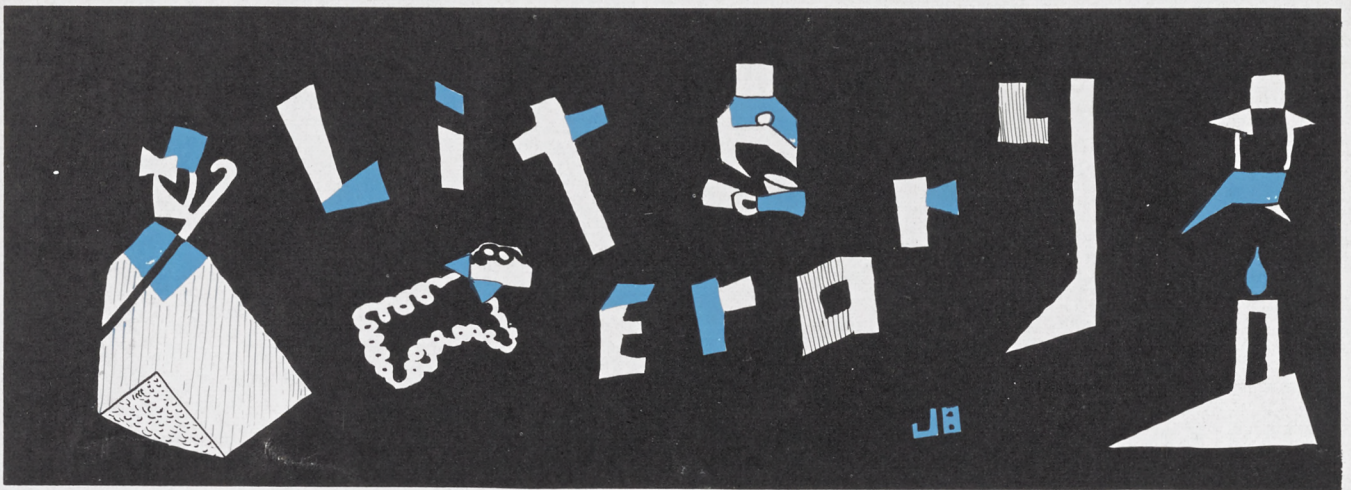

On February 6, an Activities Night was held, demonstrations in the three laboratories of curricular and extra-curricular activities as well as gym displays were put on by the students.

Mr. T. H. Cowburn was chairman of the panel discussion "Major Crisis in Education — The Teacher Shortage," on March 27. At all meetings, entertainment was provided by the musical groups of the school under the direction of Mr. L. Blackman.

Open House

This year Open House was held on the evening of Wednesday, November 21, from 7 p.m. to 9 p.m.

The purpose of Open House is for the parents to meet and get acquainted with the teachers. For the convenience of the large number of guests, a coat checking service was available near the main entrance. Also in the main hall was a display of all the school trophies. Students were on hand in the corridor to direct the parents to the proper class rooms.

Destiny

By Brian Fisher 4B

Since golden Greece triumphantly
Rose to her heights on Europe's lea,
And haughty Roman quality
Succumbed to Northern savagery—
Since mediaeval peasantry
Fought for and won security,
And Europe's old philosophy
Gave way to modern industry—
Since Hitler's bloody infamy
Wracked his world relentlessly
'Til now, when a new treachery
Flings threats at freedom constantly,
—E'en in this 'lightened century!—
Great men have lived to make this plea,
This lofty dream of unity
Treasured for posterity;
That this wide world, from sea to sea
And pole to pole, will someday be
Forever one, and ever free.

Last Stop New York

By Jean Craig

We found that getting to New York is a snap compared to getting into it. Going through the same tollgate three times before realizing that you are travelling in a circle is monotonous, as well as expensive. By the time we'd gone through the same gate three more times, we finally found a way to get off the thruway.

Now that I was in New York, I knew the first thing I wanted to do was ride on the famous New York subway. This was a disillusioning experience. To be cooped up with so many rude people in such hot, stuffy quarters for more than an hour is close to a night-mare. But I managed to look out now and then when the subway became an overhead to catch glimpses of some of the depressing slums in Harlem. By the end of the ride which brought us right into Gimbel's basement, I was beginning to feel absolutely ill and very glad to be shoved out into the fresh air by the surging crowd. Feeling better I wanted to get up to the street and see Times Square, the skyscrapers, the exclusive Fifth Avenue, Saks and Macys.

Almost bursting, I reached the street. My eyes bulged as I looked around me. New York was all I thought it would be and more. What happened from then on is

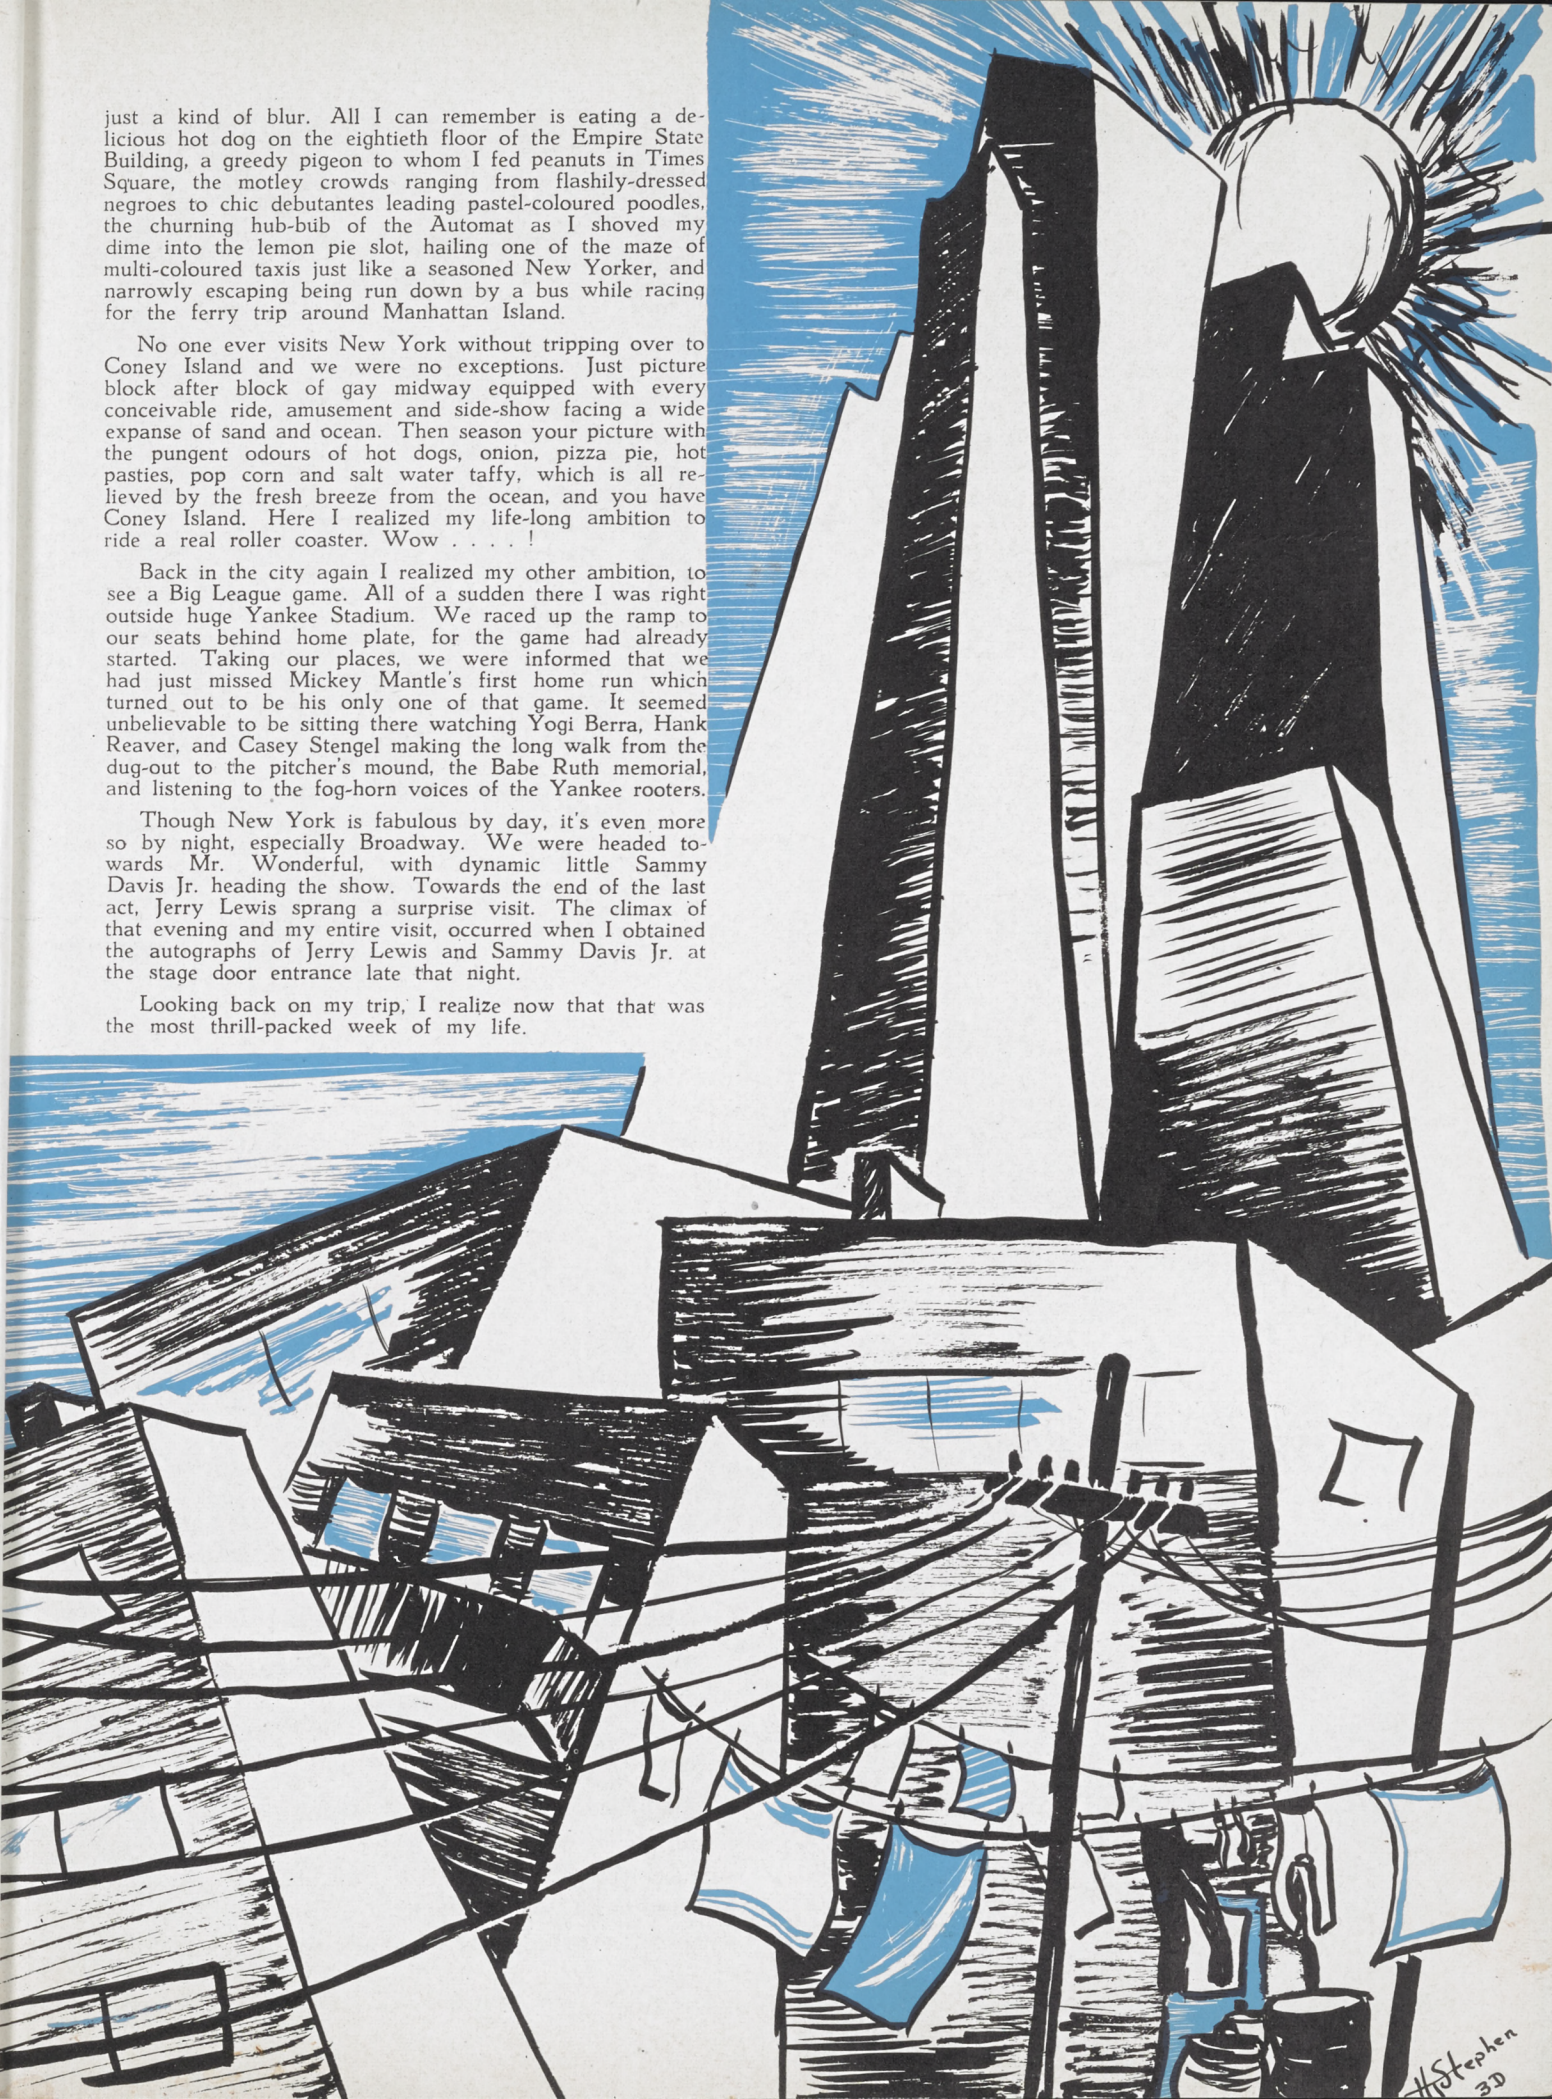

just a kind of blur. All I can remember is eating a delicious hot dog on the eightieth floor of the Empire State Building, a greedy pigeon to whom I fed peanuts in Times Square, the motley crowds ranging from flashily-dressed negroes to chic debutantes leading pastel-coloured poodles, the churning hub-bub of the Automat as I shoved my dime into the lemon pie slot, hailing one of the maze of multi-coloured taxis just like a seasoned New Yorker, and narrowly escaping being run down by a bus while racing for the ferry trip around Manhattan Island.

No one ever visits New York without tripping over to Coney Island and we were no exceptions. Just picture block after block of gay midway equipped with every conceivable ride, amusement and side-show facing a wide expanse of sand and ocean. Then season your picture with the pungent odours of hot dogs, onion, pizza pie, hot pasties, pop corn and salt water taffy, which is all relieved by the fresh breeze from the ocean, and you have Coney Island. Here I realized my life-long ambition to ride a real roller coaster. Wow !

Back in the city again I realized my other ambition, to see a Big League game. All of a sudden there I was right outside huge Yankee Stadium. We raced up the ramp to our seats behind home plate, for the game had already started. Taking our places, we were informed that we had just missed Mickey Mantle's first home run which turned out to be his only one of that game. It seemed unbelievable to be sitting there watching Yogi Berra, Hank Reaver, and Casey Stengel making the long walk from the dug-out to the pitcher's mound, the Babe Ruth memorial, and listening to the fog-horn voices of the Yankee rooters.

Though New York is fabulous by day, it's even more so by night, especially Broadway. We were headed towards Mr. Wonderful, with dynamic little Sammy Davis Jr. heading the show. Towards the end of the last act, Jerry Lewis sprang a surprise visit. The climax of that evening and my entire visit, occurred when I obtained the autographs of Jerry Lewis and Sammy Davis Jr. at the stage door entrance late that night.

Looking back on my trip, I realize now that that was the most thrill-packed week of my life.

Progress

By Barbara Ratner 4C

See that car go speeding by—
There's more to it that meets they eye.

It's Torsion Ride, new coil spring,
Style, comfort, for a King!
And underneath the hood so tight
Are shining Spark Plugs, burning bright.

It's Ball-Joint Suspension,
No more tension
To save us from a mobile fate,
They've invented new V-8.

The Windshield goes from front to back,
Nothing does this chassis lack.
Power brakes, and Power Drive—
Here's a car that will survive.

Every tone beneath the sun,
Four or more, won't be outdone.
There's silver trim and Traction Tire,
Good in snow, cement and mire.

See that car, that one of course—
It's racing hard—behind my horse.

One World

By Aileen Shattuck

Today the world has reached a fork in the trail of civilization. Man has brought himself to a point, where with his knowledge of hitherto unknown and untapped sources of energy he can either destroy our earth in a matter of hours for now and forever, or he can apply this knowledge for the benefit of the entire human race.

All of us hope and try to believe that we will not allow our petty jealousies, greed and intolerance to smother the desirable facets of human nature—understanding, insight and a basic love for our fellow man.

The simple family unit of early cavemen has evolved through the clan, tribe and then small kingdoms to the present world division—nations. But soon the world will have outgrown nationalism. We will no longer be citizens of a nation, we will have become world citizens.

Future generations must be prepared for this eventuality. Before a united and peace-loving world can become a reality, every man must be tolerant—religiously, racially, and politically.

Such a universal unit, if divided by prejudice would never survive. It is for you and for me to nurture the ideal of One World, and to fight selfishness and aggressiveness with the most potent weapons of all—Faith in, and love of, mankind.

On Lending Money to Fellow Students

Barb Ratner 4C

The idea has occurred to me recently that a great many of my friends have a peculiar "gram-matical malady"—they take words, which are not synonymous, to have the same meaning. Enlarging upon the matter, they seem to have extreme difficulty in recognizing the difference between the two verbs, "giving" and "lending", especially in connection with money. It seems that while I am always lending money to my fellow students after three months and no hope of ever seeing the money again, I become convinced that I have given it away. In fact the other day I sat down, did a little research and calculating on the problem at hand, and to date, over a period of three and a half years at high-school, I have "given away" approximately forty-six dollars and twenty-nine cents. It is then that I remind myself of the joys of giving, and begin to think that "my cup overfloweth." To go on further, my "cup hath overflowed" so much that my finances are now in a state of non-existence and if I can catch her before she leaves school, I'm going to ask my girlfriend to lend me a dime for bus fare. Do you think she'll give it to me?

Shirley Gould 11.

"Life"

—Janet Davis 4G.

A breeze blows gently o'er the barren land—
'Tis but a child—unheeding, not with goal.
The breeze shall gain from crags on every hand
A knowledge, and a strength unto its soul.
It flies, as Time, o'er prairies, brush, and trees
On and on—t'wards what? It does not know.
For it is, by the hand of God, as these
His children, guided. Then some mighty foe
Shall face the breeze and it will then become
A wind—to conquer all that bars its way;
A breeze matured to meet what change shall come
As life is spent—the journey but a day.
The breeze fleets o'er the bare earth while it can,
Then like a child the breeze becomes a man.

"Deadline"

All through the night I wrack my brain,
At times I think I'll go insane.

Essays, poems, every kind
Stories, writeups in my mind.

All these enter two by two,
Do not stop but run right through.

For my folly I now pay
Ever shall I rue the day.

When I said "There's lots of time."
Procrastination was my crime.

Putting off until the morrow,
Only added to my sorrow.

Now I find it is my fate,
Every night to stay up late.

Find what happened last July,
Who was in it, where, and why.

Who was captain of the team,
To get this finished is my dream.

At this point my mind does fail,
Because this

EDITOR'S NOTE: The original poem "Deadline" by Donna Greenberg was lost. We have substituted a co-operative poem by the Art Department which unfortunately was left unfinished as we have already run over our own DEADLINE.

Gains on the Educational Front

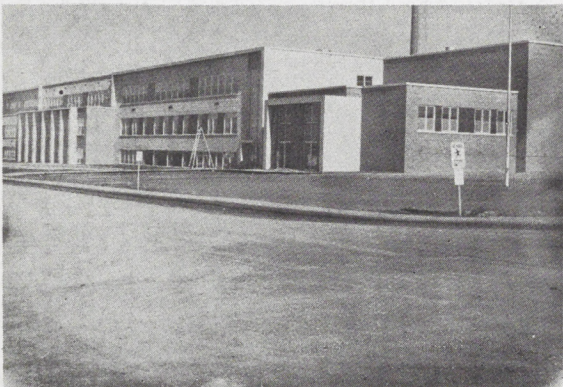

In May, 1956, educational history was made in Saskatchewan when the Collegiate Board instituted the post of Superintendent of Regina Collegiates, our city being the first in the province to establish this office. It is expected that this innovation will do much to integrate and otherwise improve the work of the Regina Collegiates, whose number and student population are growing by leaps and bounds.

Central Collegiate can take pride in the fact that the man chosen for this important position is T. W. Hunt, Principal of Central for the past ten years. Mr. Hunt has had a long and distinguished career in education in this province. A graduate of Saskatchewan University, he began teaching in Regina in Connaught school in 1921. Three years later he joined the staff of Central Collegiate as a Science teacher, specializing in Biology, and continued to serve in this capacity until his appointment to the principalship in 1946. During his principalship he was for some years a member of the Senate of Saskatchewan University, representing for Saskatchewan Teachers' Federation. He is thus highly qualified

as an educator and administrator for his work as Superintendent of Collegiates.

Throughout his years in Central Collegiate, Mr. Hunt has enjoyed the esteem of the hundreds of students who have come and gone, and of his colleagues, past and present. The best wishes of Central go with him for success and happiness in his new position.

—R.S.

Sheldon-Williams

"In the Little Red School House" is a tune that can now join the ranks of the outdated. The proof of this statement lies in the completion of Regina's newest "Halls of Learning"—the ultramodern Sheldon-Williams High School in River Heights. The building is an architectural masterpiece including a partitioned gymnasium, complete with pink tiled shower rooms, a beautiful auditorium with a seating capacity of 750 people, and that controversial invention—an intercom system connecting every classroom to the office.

For its first year the school did quite well on the sports scene, taking the city junior girls' basketball title and the junior boys were runners up to Central in the city football championships. This fact should not escape comment, for we are all aware that Central lost a great many students to Sheldon-Williams, among these numbers some of our better athletes.

Sheldon-Williams received gifts from some of the high schools this year, but perhaps Central's contribution is worth noting, for Central gave Sheldon students, without which no school can function. We are also proud of all those ex-Centralites who now sit on the Sheldon S.R.C. Congratulations to: Joan Fuller, President; Sharon Doyle, Vice-President; Carol Marple, Secretary; Elaine Perkes, Treasurer; Maureen Hurley, Social; Barb Bicks, Clubs; Carol Aitken, Publications; John Art, Athletics.

Activities have taken no back seat at Sheldon either, with the students presenting a Christmas Pageant, Drama Nite and Easter Pageant throughout the year. A few more activities organized were bowling, bands, music, school paper and an annual.

We wish Sheldon-Williams the best of luck and moreover may you live up to your name, for Miss Sheldon-Williams had sterling qualities of character and was dedicated to the cause of education.

—B.R.

Last Will and Testament

Now that many of us are Seniors, and are leaving Central, we can look back over the past four years and think of all we have gained from Central. We should like to pass on as much of this as we possibly can to the future Seniors. Therefore being of sound mind and body, we do hereby bequeath to you, Undergrads, the following:

SHEILAGH CAMERON departs leaving behind her name to all who think they can spell it. To anyone who can find it, Bob Wilde offers his hair. For the Art Editor of next year's Annual, Ruth Bennett hands over the illustrations in this year's Annual. Dave Waters leaves behind his research on the formula for an odor-free H₂S (Rotten egg gas to non-chemists).

OSH leaves the nick-name "Big Osh" to "Little Osh." To anyone contemplating joining the ticket brigade Bev Reid bequeaths one set of slightly used "Chu Chin Chow" tickets. Allan Brooks offers a script of "Hamlet" to all future Drama Directors who are ambitious. An extra hanger for their cloak room is 4C girls' gift to Central.

LIL STEVENS leaves behind a recipe book for the Home Ec. Lab. With the specification that they are only to be used at Perroquet "Deadline Times," Bob Ogilvie passes on to Gary Neil a bottle of aspirin. Olive Whitmore gladly leaves behind her eleven to twelve, before dinner, Biology Classes and Dean Kyle fondly wills his "Do It Yourself Freshie Terrorizer Kit."

ON PASSING through Central's doors, Don McGirr leaves behind a trail of broken desks—approximately four. A set of Dance Rules is Sheila Basin's gift to next year's Social Director, as well as an automatic "stray pop bottle picker-upper." Jack Loken leaves the lights out in the Auditorium while Doris Jensen gladly bequeaths the study hall and its detention delights to those who are attracted by its atmosphere? "Digger" McBean leaves the school in one piece.

REIL FRASER leaves Central at last. To remedy traffic jams in the main hall, 4A girls have presented Mr. Fyfe with a genuine policeman's whistle. Janet Daverne leaves her phone number for next year's Telephone Directory. The staff is blessed with "Peace of Mind" following Bayne Enick's departure from Central.

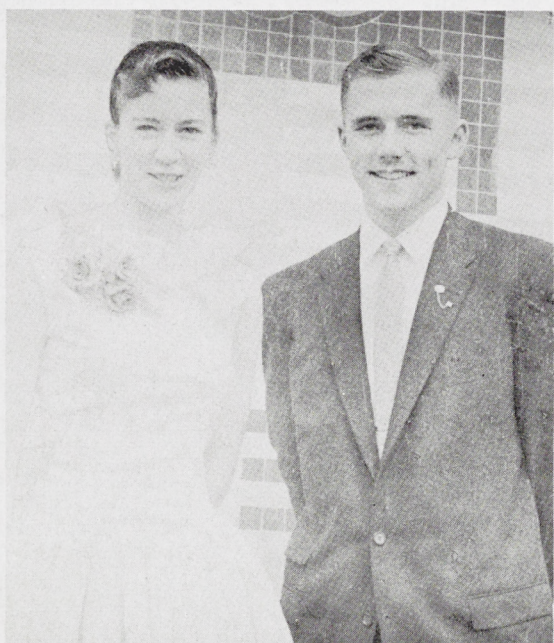

GOING sadly from his last basketball game, Tony Eberts hands over his runners to anyone who has feet big enough to wear them. Bev Chambers sympathizes with all future secretaries who have to lick their own stamps while Jack Pettinger has contributed to the library his complete repertoire of guaranteed foolproof "late-slip" excuses. Mathilda Feldspar departs leaving behind her vocations guidance essay on Archaeology to all girls with "rocks in their heads."

IN WITNESS THEREOF, we, the testators have set our hand and seal hereto, this seventeenth day of May in the year of our Lord, one thousand nine hundred and fifty-seven.

S.R.C. Awards

Ruth Harding and Dave May were the choices for the 1955-56 S.R.C. Awards, pins awarded annually to the boy and girl who have helped to promote school spirit in their four years at Central by participating in various activities. Presentation of these awards was made at the graduation exercises held Thursday, May 24, 1956.

Ruth worked on the Perroquet, Handbook, and Telephone Directory and participated in all interform sports. She was in such musical activities as Glee Club, Choristers and the Girls' Ensemble and besides this, was form vice-president and president in 1952 and 1955, Peace Services Director in 1954 and Annual Editor in 1955. She also won classpins all four years.

Dave was his form president in first and second years, was elected S.R.C. vice-president in 1954 and president of the S.R.C. in 1955. He combined with this, curling, interform sports, the election and graduation committees, Inter-collegiate Council and stage crew projectionist, topping all his activities with a class pin in all four years.

On behalf of the graduating class and the whole student body of Central, we are pleased to add our congratulations to these two outstanding students.

President's Message

S.R.C., may to some mean no more than three letters of the alphabet; to others, however, those three letters represent an organization that brought with it activities and associations that will affect us for the remainder of our lives.

In passing through Central Collegiate, we have come in contact with the S.R.C. in various ways. It may have been through the home room elections in September, the clubs we joined, the advertising in the main halls or auditorium, the musical groups in which we took part, the Drama Night, the Publications, the Red Cross drives, the dances, the elections in May, or the games we witnessed or participated in.

Like a small child looking at a wrapped gift, we once regarded the S.R.C., dubious of its contents, its organization and work. It was not until our election to the Executive body, that a true understanding of the work, time and energy involved was unfolded to us.

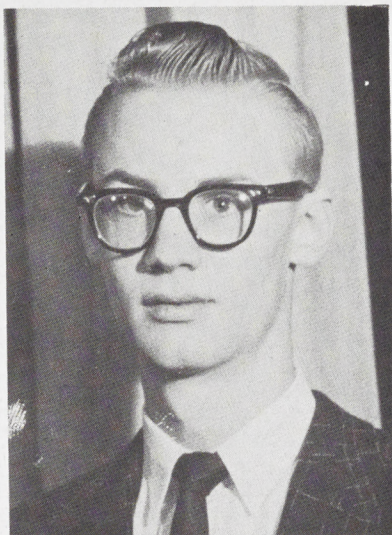

All of us have learned through our association not only parliamentary procedure, but also the value of experience, responsibility, co-operation, foresight and clear-thinking.

This year, as in the past, each Executive member had his duties to fulfill and each put forth his best to accomplish these duties. Appreciation must be given to those directors and officers, who so carefully laid their plans and carried them out, as well as to those students who attended our numerous events.

We found in our Senior Staff Advisor, Mr. Ingram, an understanding nature which we shall strive to emulate. Assisting him was our Junior Staff Advisor, Mr. Munro, who will be the Senior Staff Advisor to the S.R.C. next year.

The school year 1956-57 will be remembered by all who were in any way connected with the S.R.C. Although our work at Central has not resulted in any major changes, it is our hope that the experience that we have gained and are passing on, will be of value to those who follow.

Valedictory

UNTIL we stop to think of it, we don't fully realize how much Central has meant to us the past four years, and how hard it is going to be to say good-bye, to leave our friends behind, to forsake the friendly warmth of these halls forever and to go out and start making our way in the comparative coldness of the business world. However, there is one consolation; there are a great many things which we don't have to leave behind, a great many things which will be invaluable to us in the future.

During these last four years we have all undergone a tremendous change. Besides growing a little taller and putting on a few pounds, we have gained knowledge, experience and wisdom that will help us greatly in the years to come. We have learned a lot of things, a lot of things much more valuable than the things we had to "cram down" every now and then just to pass an exam. I guess just about the most important thing we learned is to keep our chin up and give a little more of that "college try" when the going gets tough. We've also gained a great deal by taking part in some of the many sports and activities that

Central has to offer. A sense of fair play and good sportsmanship has been instilled in us by our participation in inter-form sports and competition with other schools in a variety of sports. Our S.R.C. has given us invaluable experience in working with others, and in understanding how a democratic system of government works. Of course, besides these few contributions to our character that I have mentioned, there are many more, and we will always be indebted to Central for having molded us into young men and women.

This is our last year at high school, and, for many of us, it will be our last year at home. Some of us will go directly into the business world to make our living in competition with more experienced men and women, while others will go on to a university to continue our education. In a few years there will be members of this class in all parts of the world doing all kinds of jobs. In fact, a few of us might happen to look at a picture painted on the cover of some magazine with Brian Fisher's signature in the lower right hand corner, or we might find a doctor's bill from Stan Sandomirsky in our mail, or Jack O'Hashie's name might be on the ballot when we go to vote some day. But whatever we become—artist, doctor, politician, teacher, banker, or anything else—we'll always look back on Central as the father of our career—our first step on the road to success.

We have a great debt to Central and its teachers for having been so good to us during the time we spent here. The question in the back of all our minds is how to repay that debt. The only way we can repay it is to go out and become the kind of person we think Central would be proud to claim as one of her graduates. Let's go out and do that!

Now we come to the moment we've been waiting for with great eagerness for four years—graduation—but on its arrival we find ourselves regretting having to leave Central. We have to say, "Farewell Central,"—we have to leave the warm, friendly halls and go out into the world, but we are comforted by the thought that we leave only the building, its bricks and its classrooms, while we take with us many fond and enduring memories.

Bryant Oratory '57

Gail Fawcett, with her thought-provoking speech on Prejudice and Discrimination, took the honours in the Central Collegiate Bryant Oratory contest the 8th of February, 1957.

The other contestant, Peter Clements, gave a very interesting speech on the development of jazz from the Dixieland bands of New Orleans to the progressive jazz of today.

Gail's speech dealt with religious and racial prejudice. She brought to our attention that it is against all religious precepts to practise discrimination. "Prejudice" she stated, "is due to laziness on the parts of those who discriminate and a lack of desire to solve this very real problem."

Gail believes that the only solution lies solely in the broadmindedness of parents everywhere. It is in the home where a child is instilled with principles and prejudices which he will carry with him his life long.

She concluded her speech with a quotation from the message of the First Assembly of the World Council of Churches, which urged tolerance, mercy and harmony in God's name.

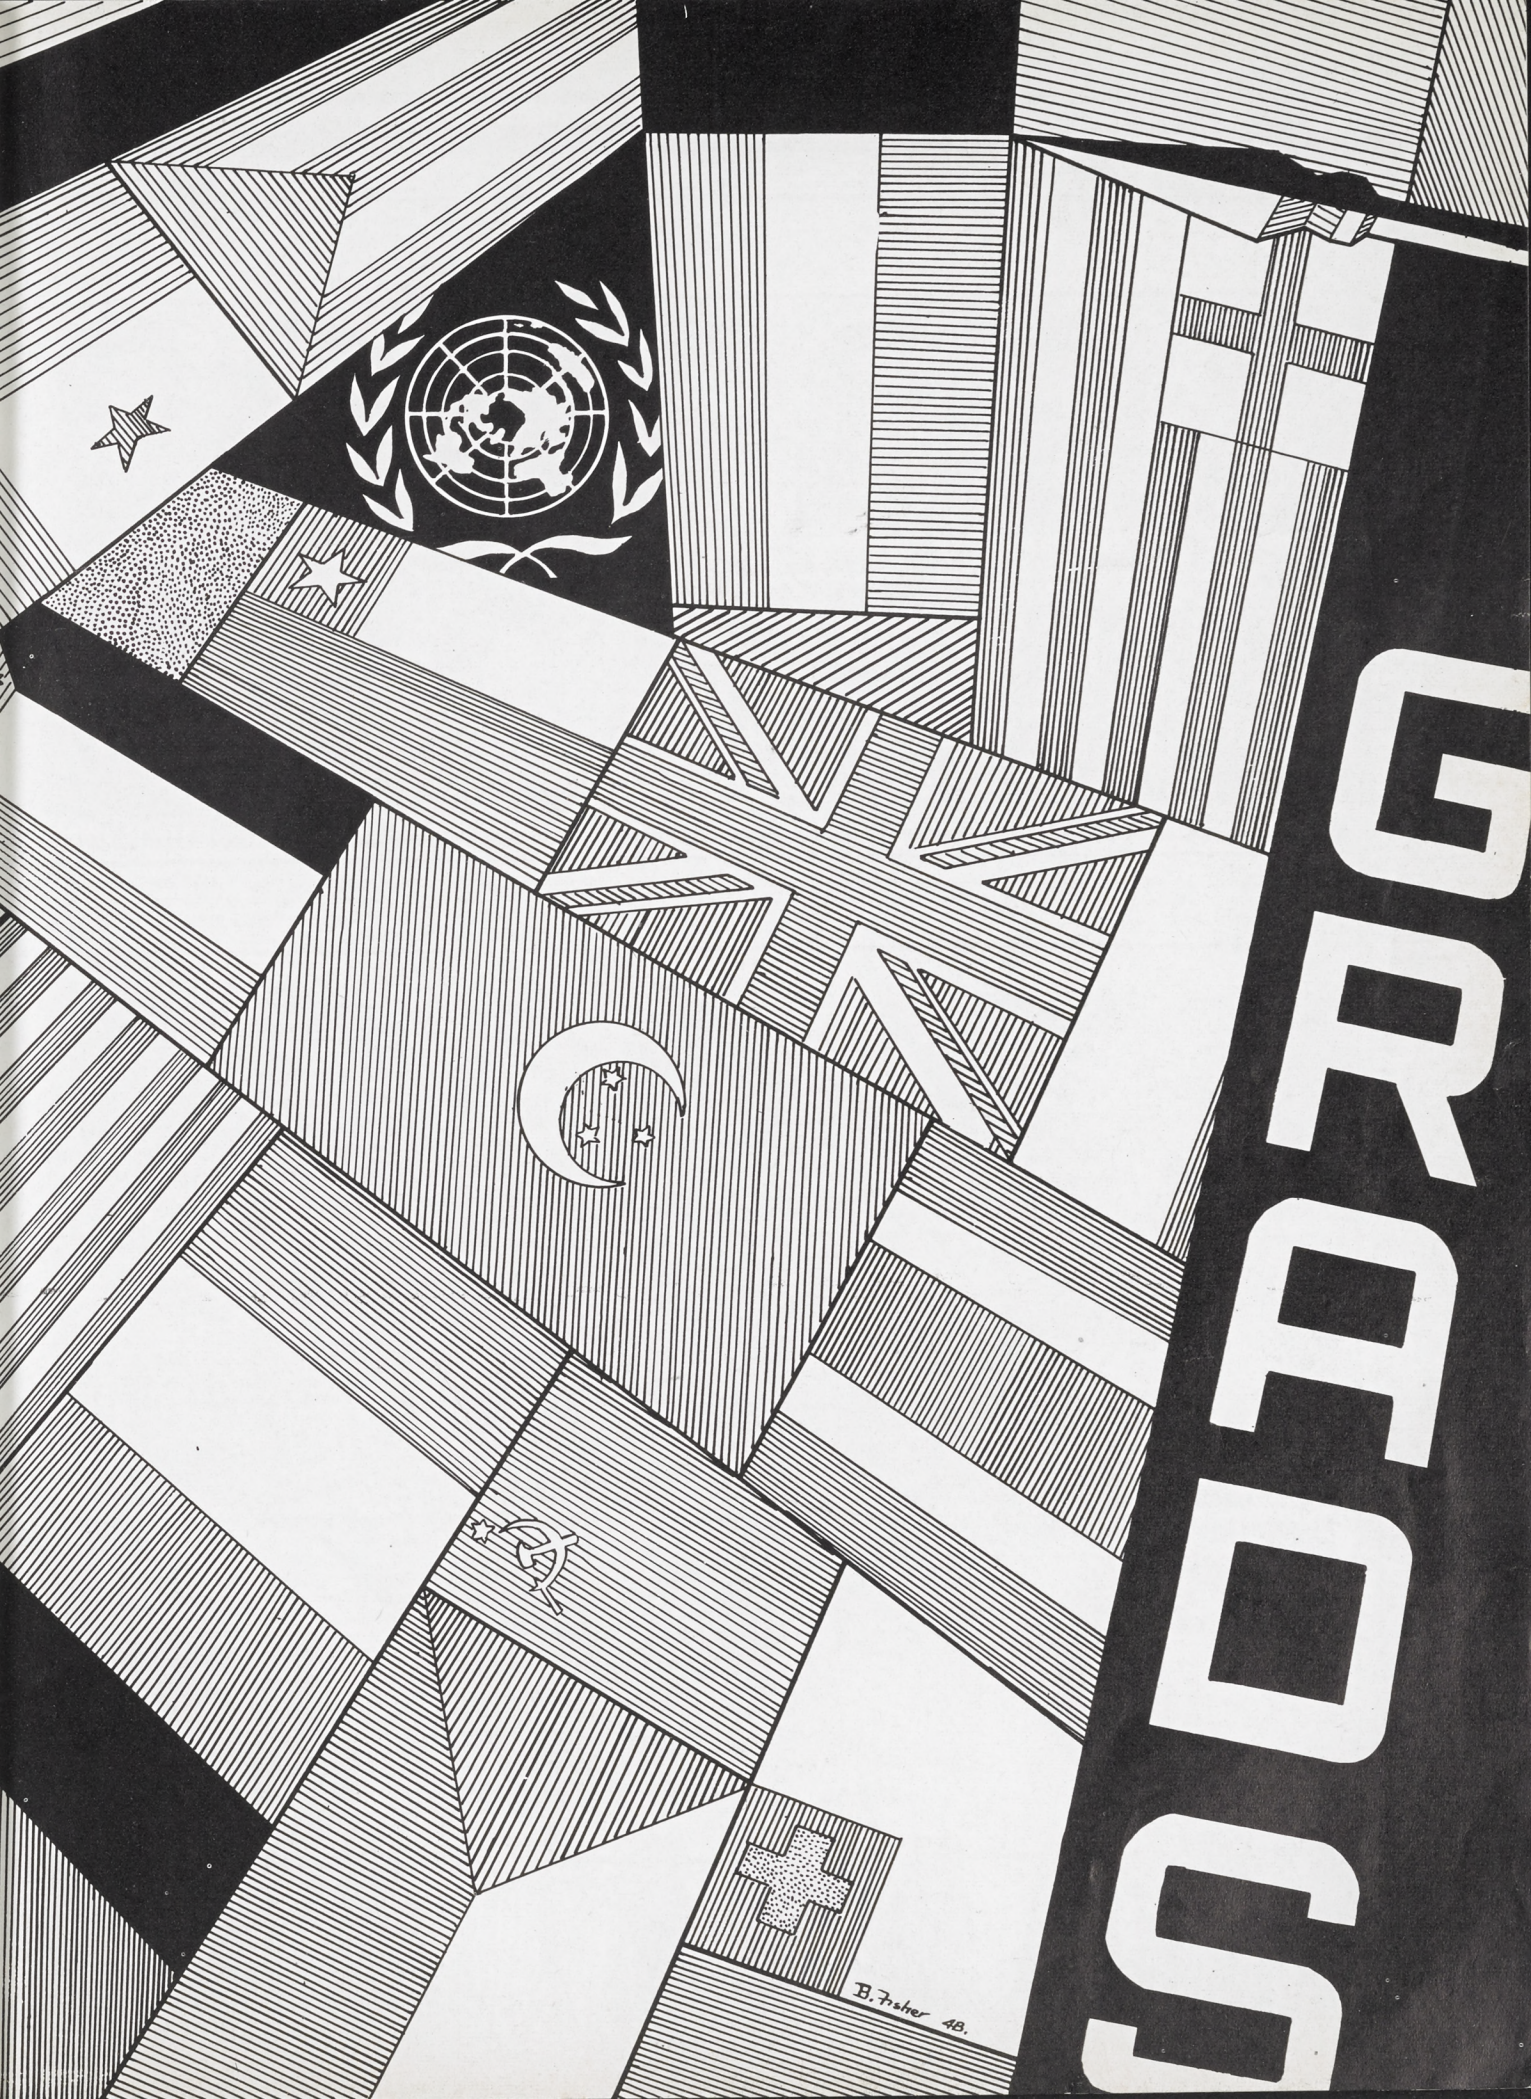

Grad 1957

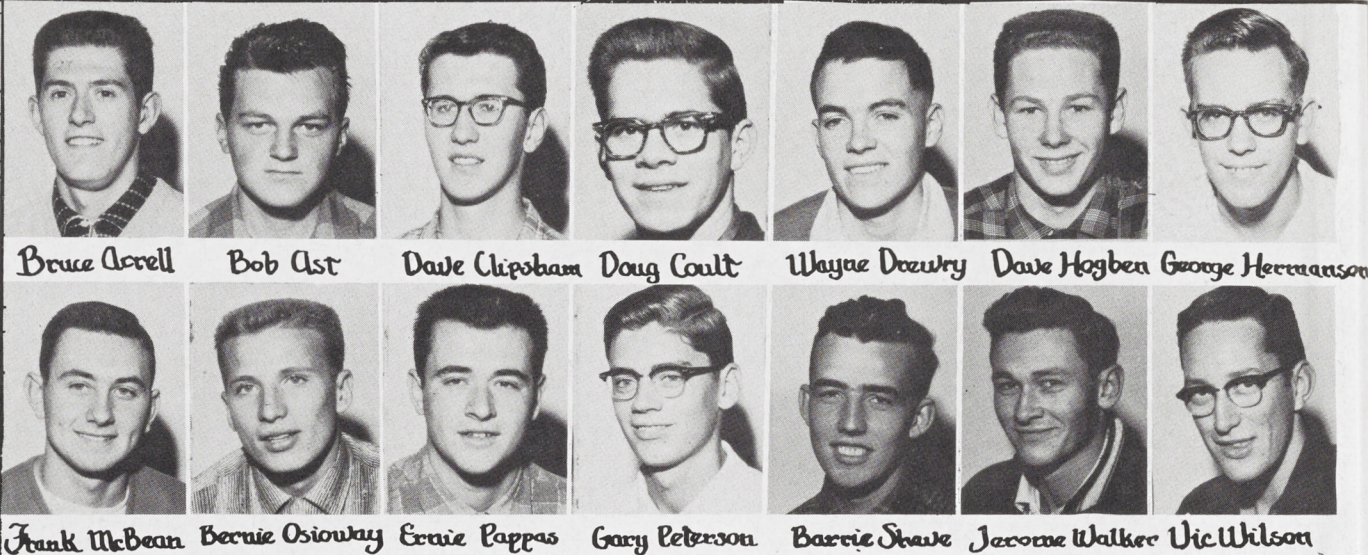

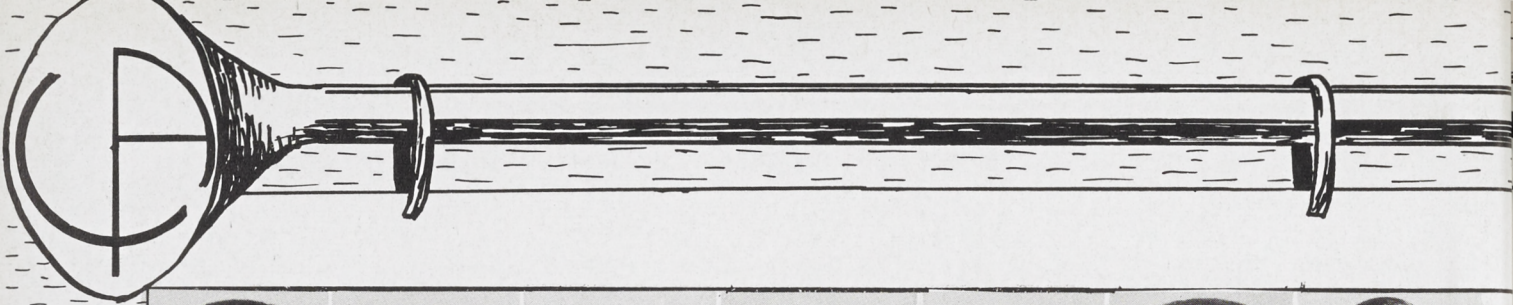

Thursday, May 16 and Friday, May 17 marked the Graduation Exercises and Grad. Banquet and Dance of the 1956-57 Senior Class. On Thursday evening some 180 students filed into the auditorium to participate in the traditional exercises and mark an end to their "High School Days." Dr. Perry as chairman for the evening, took over the program and introduced the various speakers and numbers. Mr. Hunt, former principal of Central, addressed the graduating class with remarks and advice welcomed and useful to all. The valedictory given by Mike Walker carried the voice of the feelings of the seniors and reminded them of the many gifts of knowledge and friendship derived from Central. Miss Abey presented the graduating class with their pins after which the students took their places to watch the remainder of the program. Entertainment was provided by an ensemble of boys and a piano selection by Dianne Parker. The President elect announced the winners of the S.R.C. awards. Concluding the program was the transfer of "The Torch" symbol of the responsibility of the S.R.C., by Jack O'Hashi to the President Elect. Tea was then served for the graduates and their parents by the Home Economics students.

Friday evening, May 17, Central's festively-clad seniors gathered in the Hotel Saskatchewan to celebrate their graduation banquet and dance. The program at the banquet consisted of speeches, toasts and musical entertainment. Jack O'Hashi, tok over the program as chairman. Janet Daverne said grace and following the meal Jack O'Hashi proposed the Toast to the Queen. The Toast to the school was given by Stan Sandomirsky and Mr. Ingram made the reply. Following some musical entertainment, Brian Fisher proposed a Toast to the Ladies and Sheila Basin replied on behalf of the ladies. After the banquet the students danced till midnight in the ballroom and then clasped hands in a circle to sing, "Auld Lang Syne."

An Invitation to 1957 Graduates

Each year the number of co-operatives and the percentage of business transacted by them, in Saskatchewan, grows. And, with this increase, there is a corresponding rise in the percentage of our provincial working force employed by co-operatives and in the number of people served by them.

With this expanding co-operative economy there is a growing need for young people, properly equipped, to take their place in the co-operative community.

Co-operatives are now engaged in almost every form of business endeavour and it is inevitable the life of Saskatchewan people will be increasingly influenced by them in years to come.

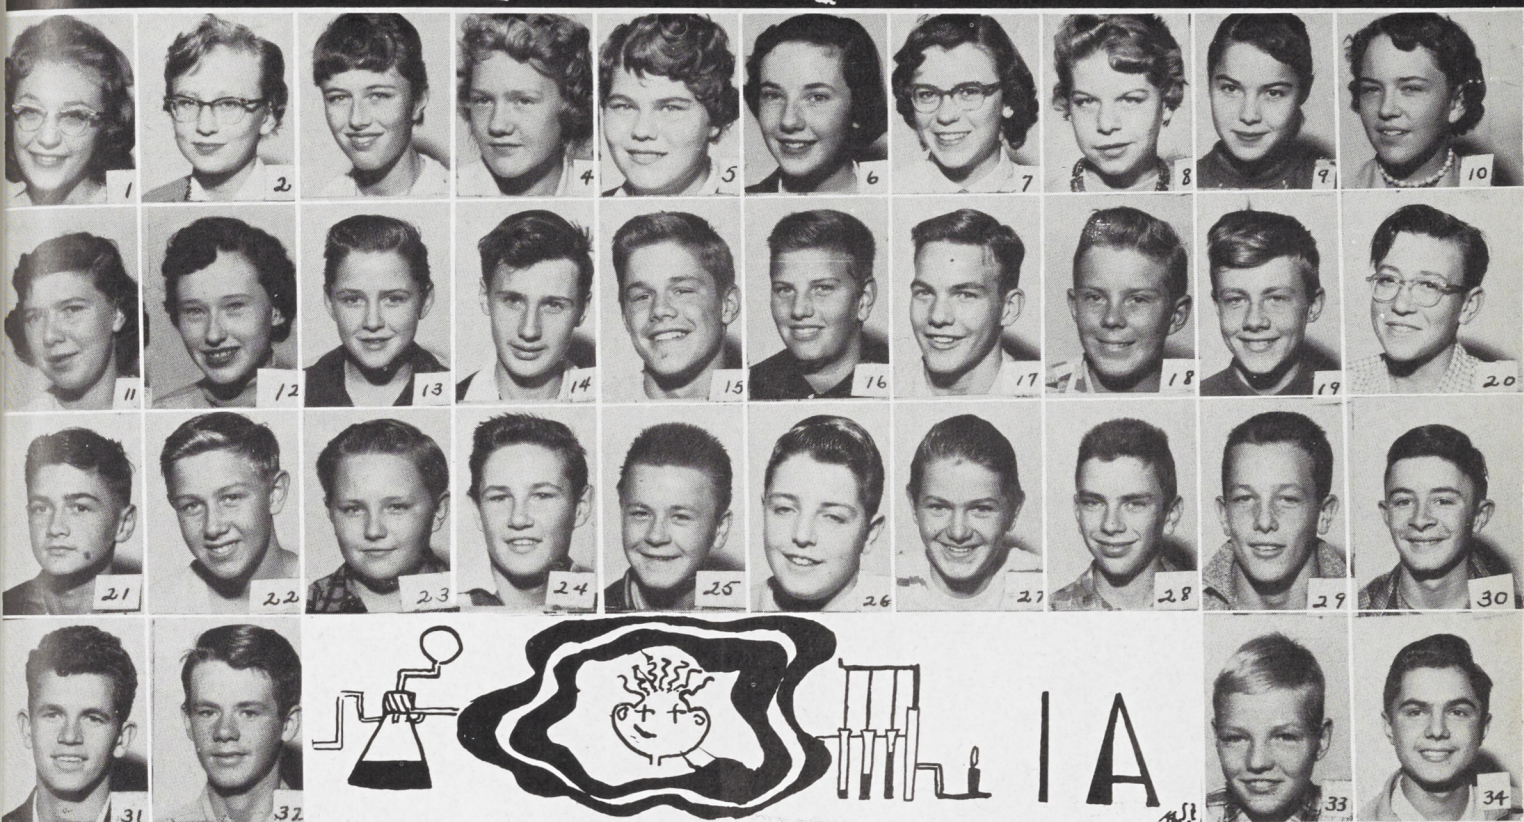

The Saskatchewan Wheat Pool as a grain and livestock handling co-operative, owned and controlled by more than 100,000 farmers, invites you to investigate the co-operative way of doing business.

Floreth Perry

Another year of activities at Central has hurried by. I hope all those who joined in to make it such a busy and enjoyable year feel as rewarded as I do.

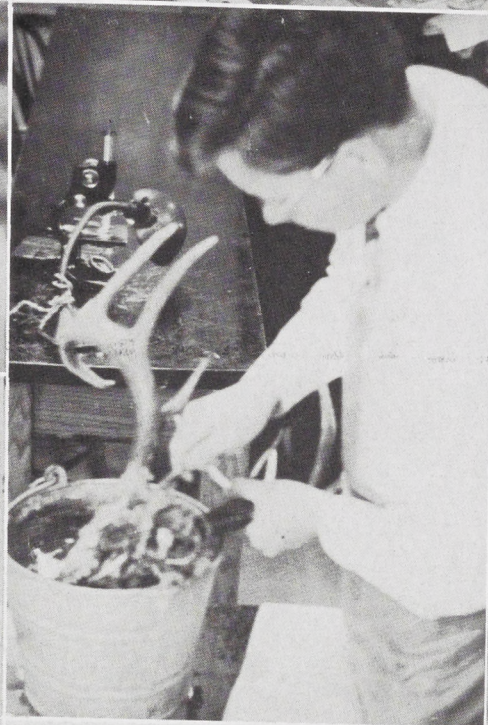

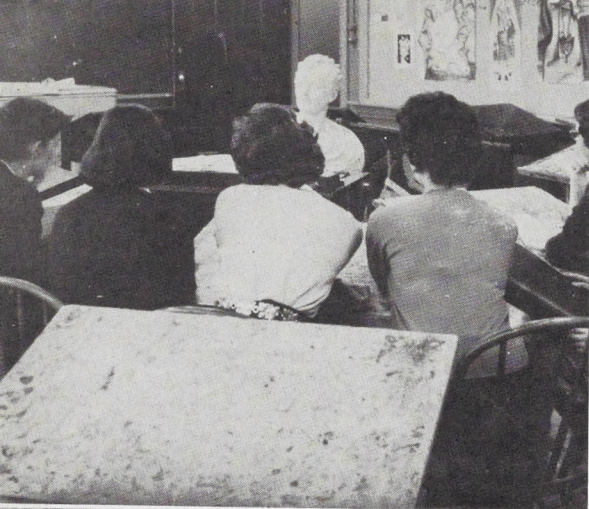

Freshie Day was held September 22—the theme being "Rock 'N Roll". Stenciled cheers were distributed at the football games. The cheerleaders accepted the merit trophy on behalf of the student body for good sportsmanship during the football season. A Radio Club was added to the number of clubs at Central. School sweaters and crests were ordered and proved popular. "Sadie Hawkins Day" was celebrated February 22. The Booth was opened at noon and the girls were dressed as their ideal man.

My thanks to Miss Dorsey, my staff adviser, to all the members of the clubs, to the cheerleaders, and to all those students who contributed to the activities in Central during the year.

CLUBS

This year's advertising committee decorated for six dances. Freshie, Football, Christmas, Sadie Hawkins, Spring and Election. Those who attended will have noted the striking side panels, brightly woven streamers, and swaying snowflakes and stars in a sky of white. In the halls, students were often puzzled by the varied efforts of the committee in the way of signs. These featured paper sculpture, air brush designs, scrambling gophers, etc. Our silk screen projects included signs for Drama Nite. In Concert and Chu Chin Chow. As a new touch, pennants and tags were printed for the football games.

Now officially, under the Advertising directorate, the stage crew, with Jack Loken as manager, turned in another top-notch job. Good going, guys!

Thanks to the wonderful help of staff advisor Mr. Hone, assistant manager Ralph Legge, and its helpful members, the Advertising Committee has completed another successful year.

Drama Report

I would like to express my very sincere thanks for the co-operation of the faculty, the directors, the players, the makeup and stage crew, and all others directly and indirectly connected with Drama. Also a special thanks to my staff advisor, Mr. W. R. Smith, and the three teachers who acted as individual advisors, I must also thank all the students of Central who supported our program throughout the year.

Drama Nite was held on November 30 and December 1, presenting three one-act plays, "The Ghost Story" (Freshie), "Sugar and Spice" (Sophomore), and "The Valiant" (Senior). The curtain went up at 8.00 o'clock, and all of us were pleased to see that we had such enthusiastic support.

I would like to give special thanks to my directors, Peter Clements, Dean Kyle, Donna Colquhoun, Jane MacDonald, Mary Donison and Brian Fisher, along with Ruthie Promislow and her make-up committee, and Jack Loken and his stage crew. I would also like to thank Sandra Hamill and her artists, Bill Waddell and his ticket committee, and the students who acted as prompters. Thanks a lot, kids, your efforts made Drama Nite possible.

Drama Director: ALLAN BROOKS

Drama Night

November 30 and December 1—Drama Night, and people crowded through the doors of Central's Auditorium to witness Central's sensational Drama Night of '56. On the program for the evening were three one-act plays displaying Central's Thespian talents: The Freshie play, "The Ghost Story," the Sophomore comedy, "Sugar and Spice"; and the Senior production, "The Valiant."

"The Ghost Story" was directed by Dean Kyle and Peter Clements; a hair-raising comedy telling of the hero's (Pat Mulligan) attempts to get rid of numerous unwelcome guests, thus giving him the opportunity to propose to the heroine (Gert Gruber). Supporting these leads were Shirley Gould, Maureen Fitzgerald, Bev Morrison, Ron Williams, Ron McAfee, Ken Pharohl and Ken Lamb, all portraying their parts well.

The Sophomore production, "Sugar and Spice," is the rollicking story of a young teenager (Beth Greenough) who thinks her high society cousin (Doreen Trenker) is "utterly the most!" She discovers as the play unfolds that her idolized cousin is not so flawless after all, and the boy next door (Bryan Goodyer) proves to be not so bad as she suspected. Directors were Donna Colquhoun and Jane MacDonald. Lynne Walker and Stand Dotten played the mother and father. Both the direction and acting of this play were handled exceptionally well.

Winding up Drama Night, the Seniors presented the very serious and intriguing drama, "The Valiant," directed by Mary Donison and Brian Fisher. The plot centres around a convict (Brian Fisher) who refuses to give his real name in order to save his family from shame. Despite several attempts by the Warden (Bruce Cowie) and the Chaplain (Jim Szakacs) his identity remains unknown. A young girl (Sheila Basin) comes seeking her long-lost brother, but goes away disillusioned. The play comes to an extremely moving conclusion as the convict is led away by the Jailer (Dave Clipsham) to die. The attendant was played by Terry McKague.

And so, with the presentation of three fine plays, Central's drama again came to a successful close for 1956.

Astrid Giedraitis

A busy year in Peace Services started with the opening of the Canteen in early October, which operated on a very profitable basis. The proceeds from the operation of the Canteen are the main funds of this Directorate.

Poppy sales, held early in November, netted a total of \$62.00 for the Canadian Legion. On November 9th, a Memorial Day Service was held in the auditorium for grades XI and XII. The guest speaker was Mr. H. C. Knowles, Lieutenant Colonel and President of the Regina Branch Canadian Legion. A wreath was laid by President Jack O'Hashi, on behalf of the student body.

On January 30th, a Coke Dance with Barry MacKenzie as M.C. was put on in the auditorium. \$20.47 was taken in to be used for charities by the Red Cross.

A very successful campaign for the sale of Easter Seals was held during the month of April.

Donations this year were made to UNICEF, UNESCO, Care and the Red Cross.

In closing I would like to thank my staff adviser, Mr. Froh, and the convener of the Red Cross, Peggy Bergquist, for their help and assistance, and the students for their co-operative assistance in all Peace Services activities.

ASTRID GIEDRAITIS.

REMEMBRANCE DAY

On November eighth, Central Collegiate observed the thirty-eighth Remembrance Day the world has known, joining the rest of Canada in paying tribute to the brave soldiers who fell, while defending their country, in the two Great Wars. The very moving service, arranged by Astrid Giedraitis, Peace Services Director, was held in Central's auditorium with the students conducting the greater part of it. After the playing of "O Canada", on the organ, Brian Fisher read the 121st Psalm, which was followed by a reading of "I Vow to Thee My Country" by Barb Ratner. Lt. J. C. Knowles, President of the Regina Branch of the Canadian Legion B.E.S.L. then gave an address explaining the meaning of Remembrance Day and why it is celebrated. He held us, as we go into the world, to keep in mind three things:

—"That life is empty without a true and firm belief in God.

—Without love of one's neighbors, life is shallow and meaningless.

—Do not rest on crutches—each of us, with a little effort, can be master of our own soul."

The "Last Post", immediately followed by two minutes silence, and "Reveille" were played by Gordon Smith. The student body sang "Rock of Ages" accompanied by Dianne Parker, which preceded the Prayer of Consecration read by Janet Daverne. Our President, Jack O'Hashi, and secretary, Beverly Chambers, then placed a wreath on the school's Remembrance Book in the lower hall.

MUSIC REPORT

To quote an old and well-known phrase, "Music hath chains to soothe the savage breast." If this is the case, then this past year has been very successful. (The first two sentences have no meaning, I just needed an introduction.)

From all appearance, the past year at Central (Bless its acoustically atrocious aud.) has been another banner year, music-wise at least.

The two biggest efforts of the year were first, on January 25 "In Concert" featuring the Glee Club, Choristers, Orchestra, Concert Band, and the Dance Band. Secondly on March 8 and 9, the biggest production of the year, the presentation of the musical comedy "Chu Chin Chow" at Darke Hall. As well as adding the chorus parts for "Chu Chin Chow" the Choristers also participated in "Stairs For Stars" in February.

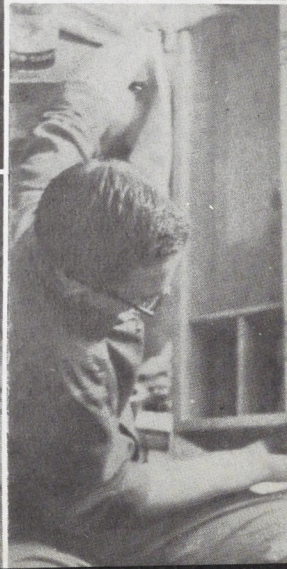

Perhaps the biggest and by far the most pleasant surprise was the Dance Band, which developed into a fairly proficient and on many occasions, extremely good sounding group, witnessed in the Jazz Concerts presented throughout the year.

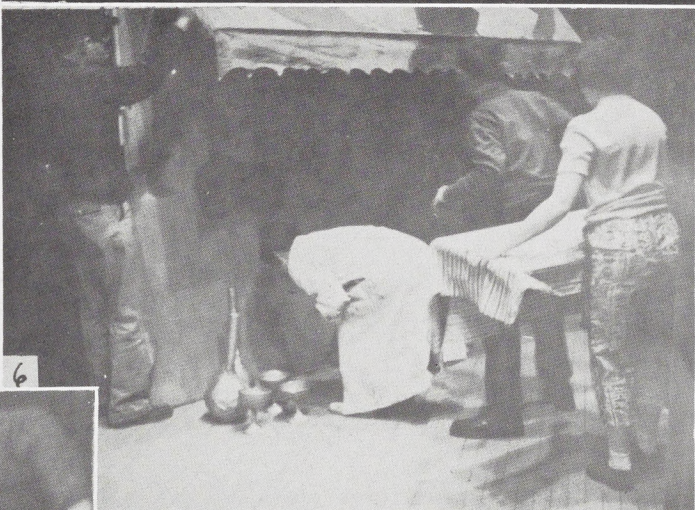

All the musical groups, as well as participation in their various concerts, helped entertain in aud. periods, etc.

I would like at this point, to thank the ticket committee for their co-operation and hard work in all our events.

I think most of all, thanks should be extended on behalf of all students who participated in the many musical activities, to Mr. Blackman, whose hard work, patience, etc., etc., helped make the music department the success it was. I would also like to thank him on my own behalf for his guidance over the many difficulties which beset the music director.

Music Director
DAVE WATERS.

Operetta

Nineteen fifty-seven, and
Again we turn our hearts
To another operetta with
Rehearsals, learning parts,
Recording, costume-making,
And stage construction, too,
Till we sigh with tiredness and wonder—
"Can we pull this through?"

But we struggle on with courage,
And bravely bear our lot,
While the 'Maestro' tries his best
To help us grasp the plot.
"Chu Chin Chow's" the villain,
He and his robbers spoil
Kasim Baba's kingdom—till
They're boiled in olive oil.

Zarat is the desert girl,
A cobbler, too, is seen,
A brother Ali Baba, with
His wife, old, thin, and mean.
With the harem and the slave girls,
Bright sets and scenes to see,
It all goes well together, formin'
Music comedy.

Then suddenly comes the time we've
long awaited "Opening Night."
We dress, and watch the hall fill up,
Swallow our stage fright.
"We're on," the curtains part, the opening
Chorus, loud and clear.
The plot progresses quickly,
"What did we have to fear?"

The curtain falls, "It's over," all
Too soon it seems to us.
We hurry down to change again,
We're warned "Don't leave a muss!"
But though the makeup room with cream
And Kleenex is a mess,
Central's operetta is
Again a great success!

JANE FARNSWORTH 3D

"Chu Chin Chow"

Central's operetta—and hundreds crowded
the Darke Hall on March 8th and 9th to wit-
ness the spectacular 1957 production "Chu
Chin Chow."

Taking place in Baghdad, this operetta is
the story of a famous "robber sheik," who
tries to destroy the kingdom of Kasim Baba
and is cunningly outwitted by his slave Zarat,
the desert girl. Much credit is due to the prin-
cipals of the cast and the two expert accom-
panists.

Thanks to Mr. Blackman's many hours of
perseverance, the students' wonderful co-oper-
ation, and the hard work of many teachers,
Central again kept up its fine reputation of
presenting outstanding productions.

PUBLICATIONS REPORT

The 1956-57 year has been a successful one for Central in all departments, with Publications no exception. Thanks to the combined efforts of our many tireless editors, writers, reporters, photographers, artists, solicitors, and the rest of the staff, we can look back with pride on an outstanding year of publications. I would like to offer special thanks at this time to my staff advisor, Mr. Fyfe, whose advice and support has stood me in good stead at many times during the past year.

This year's Perroquet staff has turned out some of the best material the school has ever seen. With Bob Ogilvie at the helm as editor, the Perroquets of '56-'57 have been of a very high calibre. The careful preparation and work was always apparent, while the imagination and variety was sparkling.

Through trials and difficulties, the Telephone Directory was finally published with its loyal staff, under Janet Daverne, sticking with it to the end. Perhaps more than the rest, the directory staff has a thankless job, and they deserve to be congratulated for their efforts.

Our Annual, too, has maintained the high standard set by previous editions, boasting a banner issue. Barbara Ratner can claim a good deal of credit for this, since it was through her tireless work and direction as editor that this was accomplished. Ye Flame, Central's largest publication, naturally has the largest staff. It is through the co-operated effort of every person on this staff that such a year book, containing the fruits of so many different talents is made possible.

Just before exams in June, one more group of Students pool their abilities to produce the Handbook for the following year. While this staff has not yet been assembled at the time of writing, my thanks to them, whoever they are.

For these fine publications, then, the Perroquet, Telephone Directory, Ye Flame, and Handbook, congratulations, and thank-you.

FRONT ROW: Paula Basin, Donna Greenberg, Joanne Derby, Bob Ogilvie (Editor), Linda Barber, Val Findlay, Sheilaigh Cameron.

This year, my aim has been to introduce as many new ideas as possible to the Perroquet, and to edit papers which would be interesting and informative to the students.

I owe unlimited thanks to Mr. Fyfe, my staff-advisor, without whose help the publishing of the Perroquet would be a real task. I would also like to thank Gary Neil for his co-operation throughout the year, the printers for their commendable job, Joe Parrot for a true introspective of the school, Vic Wilson and Brian Fisher for their outstanding cartoons, Jack Loken for his priceless articles, Bob Walker and Val Findlay for their persevering work as Advertising and Circulation Managers, all the kids who sent articles in to the Perroquet, and my fine staff, whose time and irreplaceable articles are the real foundation of the Perroquet.

I have met many difficulties while editing the paper, but, all in all, I have very much enjoyed publishing this year's "Silver Anniversary" Perroquets, and I hope you have enjoyed them also.

EDITOR'S REPORT

Now that the Annual is out I can safely say it's been a wonderful experience working on it these past three years, and breathe a sigh of relief. However, the Editor is responsible for very little of the "honest" work and I would like to express my gratitude to the "Ye Flame" staff for their wonderful help—to the Photography and Art Departments for their numerous pictures and illustrations, the Editorial staff for the write-ups, the Typing Staff for typing this all, and the Business Staff for selling "Ye Flame". My thanks also go out to our staff advisors, Mr. Hone, Mr. Fyfe, Mr. Greenough, Mr. Weber, Mrs. Boyd, and especially Mr. Massey, who helped us through our difficulties and gave us encouragement. My only wish now is that when you read this year's "Ye Flame", it will be a worthy reminder of school days at Central.

—BARB RATNER.

EXCHANGES 1956-57

Every year the Annual receives many attractive year books from different high schools all over Canada and the United States.

By receiving other year books we are able to make improvements in "Ye Flame" and we hope that by sending our copies out, each year, other schools may benefit in the same way. This year's exchanges have some good ideas which would help to make our Annual more interesting. Some of these are:

1. Bedford Lantern: Saskatoon.

The write-ups for the undergrads are humorously written in paragraph form, using each student's name. This might eliminate the task of thinking up numerous little sayings, which are usually lacking originality.

2. Magee High: Vancouver.

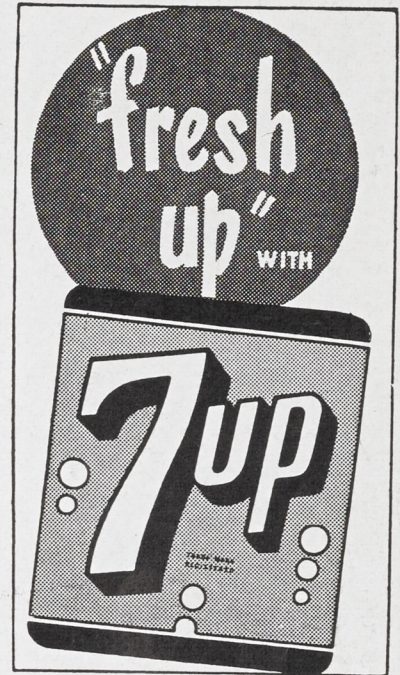

Introducing the teachers has been cleverly done in this annual by the drawing of whimsical stick men, each characteristic of a particular teacher, topped by a photograph of the teacher's head.

3. The Echoes: Peterborough Collegiate.

This school's year book had its calendar of school events well written in humorous paragraph form.

4. Camosun: Victoria.

Many annuals have chosen an "ideal boy" or "ideal girl." Different outstanding characteristics are chosen from individual students around the school. Victoria has a smart idea: they have chosen from among the students, whom they think will be most likely to step in the shoes of famous people, for example—the one most likely to take Ed. Sullivan's place.

SOCIAL REPORT

As the 1956-57 school year draws to a close, it marks the end of my term as your Social Director on the S.R.C. It is difficult for me to relate the wonderful experience I have gained from my directorate, and it was definitely a privilege and a pleasure to work with the staff advisers and members of our executive and student council. Mr. Munro, my staff adviser, and Mr. Ingram, and the form Social Reps. were my constant guides, and their assistance made my task that much easier. The Advertising Director and her committee, who did an excellent job of decorating the aud., and the Dance Band also deserve a lot of credit. Last, but not least, thanks to you, the students of Central Collegiate for your attendance and support.

As we turn the pages of last season's social calendar, my committee and I can look back with much satisfaction, and we hope that we have in some measure added to the enjoyment of our Student Body.

Sept. 28—"Hep Cats' Hop" marked the end of Freshie Day and the beginning of Central's dances for this year. After building up the suspense, Neil Fraser, acting as M.C., crowned our Freshie Queen and King, Barb Lothian, 1F, and Dave Wilkening, 1A.

Nov. 9—At the "Rugby Ball" the Rugby Teams were introduced by their coaches. The climax of the evening was when Joan Bruce was crowned Rugby Queen. Gordon Wilkie and Max Geisthardt, the two Rugby captains, were the M.C.'s of this affair.

Dec. 20—"Holly Hop" showed everyone in good Christmas spirits. Mr. Blackman who played the part of Santa Claus had almost everyone fooled but the M.C.'s, who were Barb Ratner and Jack Pettinger.

Feb. 22—Celebrated "Hawkins' Hoedown." Dave Waters and Rita Chadwick M.C.'d this fun-packed dance.

Athletics

This year, almost all of the athletic teams had banner years. Two teams, Junior Rugby and Senior Boys' Basketball went on to win city championships. The only teams, of any kind, that failed to make league playoffs, were the Junior and Senior Girls' Basketball teams.

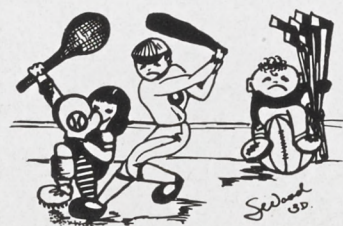

New uniforms for the Senior Rugby, Senior Boys' Basketball and Senior Girls' Softball teams were bought.

I thoroughly enjoyed my stay in office, and am sorry it could not have been for longer. I would like to thank Mr. Currie, my staff advisor, Mr. Ingram, the S.R.C. staff advisor and all the members of the S.R.C.

Ernie Pappas.

This year I had the good fortune to be asked to be the Assistant Athletic Director, as the S.R.C. felt that there should be an equal representation for Athletics by both a boy and a girl. The constitution was changed, as this was the first year that there was an Assistant Athletics Director, and I took over the position in early November. I spent a wonderful year on the S.R.C. which was thoroughly rewarding, and I should like to thank the people who were responsible for my appointment.

Carol Johns.

GIRLS' SOFTBALL

The 1956 Central girls' softball team, coached this year by Mr. Hone, enjoyed a very successful year. Behind the able pitching of Earla Copeland, Donna Francis and Bobby Duncan, Central won all but two of their eight games.

The girls finished in a first place tie with Luther and Scott. This deadlock resulted in playoffs in which Scott beat Central, but bowed out to Luther in a final.

The team gave fine softball entertainment and an admirable display of sportsmanship.

JUNIOR BASEBALL

(Boys)

Central's Juniors had a successful season last year, finishing on the top of the pile. The Central nine beat Tech in a game which saw Ron Vandale register a one-hit performance on the mound. After winning their second straight, the Juniors found themselves up against Campion and just managed to tie the game 5-5 in the last inning. They went on to capture the league title by overpowering this same Campion team 6-3.

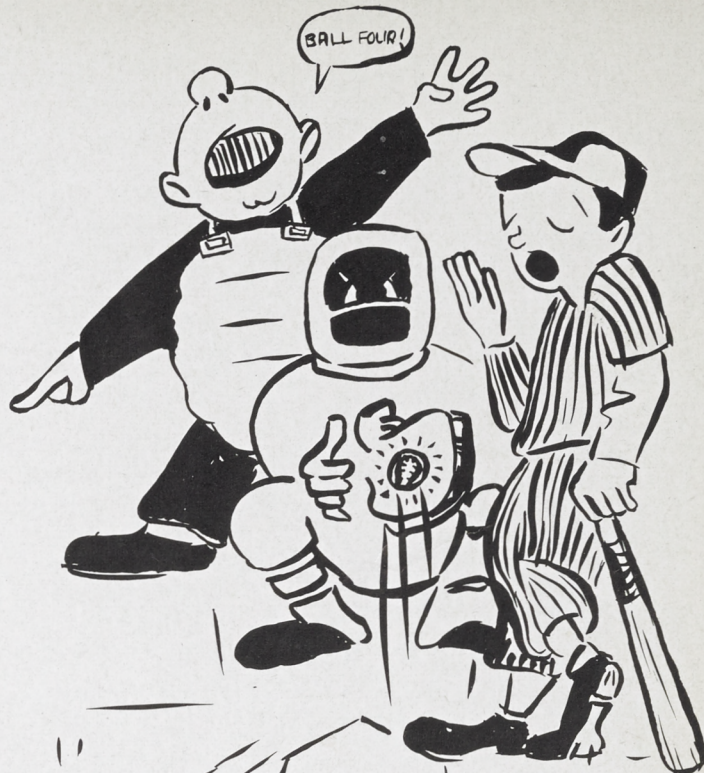

The Juniors were coached by Bill Wright, and the staff advisor was Mr. Froh.

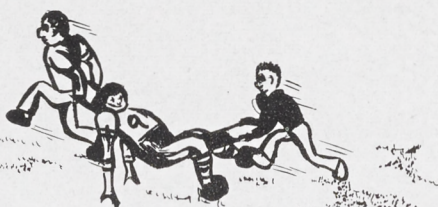

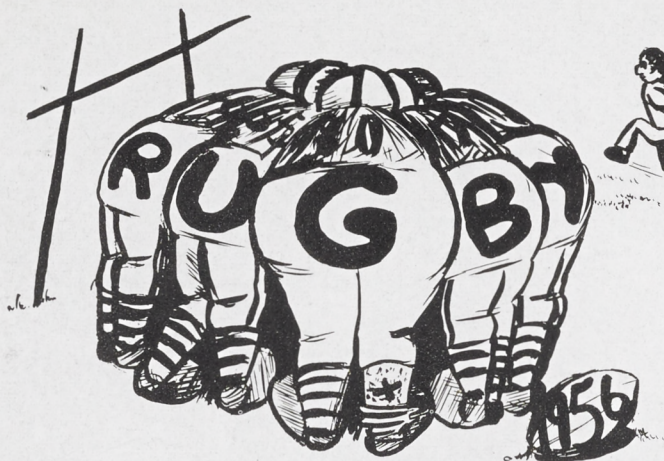

SENIOR BASEBALL

In their first outing of the season, the Seniors were downed by Campion 2-0. Their next game, however, proved to be a better performance—they downed Tech 7-5. Defeat returned to the ranks the next day when Central was whipped by Campion 10-3. The team did not reach the finals, but its spirit was unsurpassed by any team in the league.

The Seniors kept Central's fans happy with a fine brand of baseball, and are to be congratulated for their fine efforts.

The team was coached by Mr. Culham, who did a great job.

Junior Rugby

This year's Junior team emerged the champs of the City League. They looked the best this year since the championship team of two years ago. Although most of the games were close, Central came out on the long end of the score in all five of their games.

In the first game, they beat Scott 7-6 in the closest game of the season. They then went on to squeeze by Sheldon-Williams 20-18. Next they trounced Campion 24-7 and went on to overcome Tech by a score of 12-7. The playoffs this year consisted of the first and second place teams playing off in a sudden-death final for the city championship. Central met Sheldon-Williams in three inches of snow, and won the aptly named "Snow Bowl" classic 17-0.

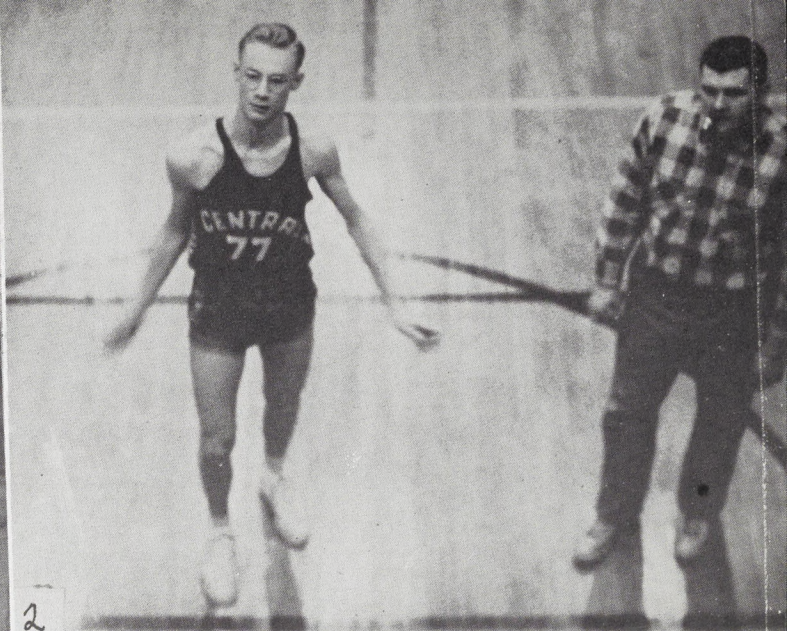

Our congratulations go to the Central juniors and particularly to Jack Brandt, Central's hard-charging half-back and the league's leading scorer, for a terrific season. A great job of coaching was done by Bob Oliver and George Johns, along with the very capable supervision of staff advisor, Mr. Froh.

Senior Rugby

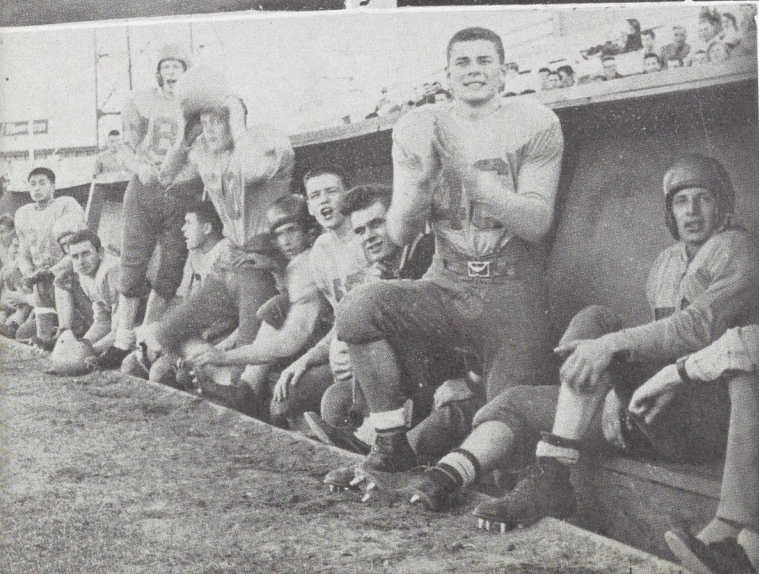

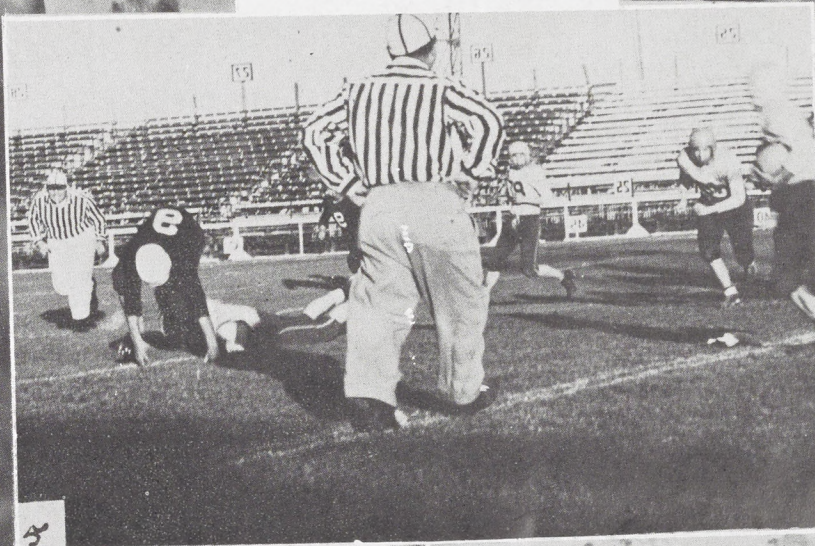

The Seniors had an "in and out" season this year, eventually being beaten in the semi-finals by Campion.

In their first game they came up with a 9-1 victory over Scott. The taste of victory, however, was short-lived. In their next two games, both against Tech, the Gophers "bit the dust." They lost the first by a score of 13-6, the next 14-6. Campion emerged victorious in the next game 17-8. The Gophers, however, came out on the long end of the score against Scott, obtaining their second win of the season. They then crushed Luther 47-9, in the highest scoring game of the season.

Central could not come through in the semi-finals, however, losing to Campion by a score of 13-1. The Gophers provided Central fans with plenty to cheer about, and coaches Nich Blum and Frank Schawn, and staff advisor Mr. Sefton are to be congratulated for their efforts.

1. Conference.
2. Expectation.
3. Alley Oop.
4. Pat-A-Cake.
5. Charge.
6. Run Man.
7. Consternation.

SENIOR BASKETBALL

Playing fine basketball throughout the season, Central came up with its third City Championship in as many years. They won 7 of their 8 league games, losing only to Campion by a score of 44-43. In a best of three finals for the championship Central lost the first game to Campion 49 to 48. In the next two games however, Central showed the form which brought it to first place. They beat Campion in both encounters by decisive scores to win the City Senior Basketball Championship for the third year in a row.

In the tournament scene, Central came close, but could not capture the winning laurels. In the Luther tournament they defeated Yorkton 39-21 in their first game. This brought them to the semi-finals, where they encountered the Mohall Yellowjackets. They were beaten by the Yellowjackets by a slim margin. Tony Eberts a standout all year, was runner-up for the most valuable player award.

In the South Saskatchewan Tournament Central downed Gravelbourg and Scott, earning the right to enter the final against Moose Jaw Tech. The final game was close all the way but Central couldn't get ahead of the powerful Moose Jaw Squad, who won the tournament.

The spark plug behind the Central team this year has been its coach, Neil Sherlock. Central appreciates his efforts to promote basketball in the School. Thanks are also due to Mr. Ingram for his excellent job as staff advisor.

INTERMEDIATE BASKETBALL

The Bee's season this year was very short and very successful.

They defeated Tech 80-4, and Boscoe 76-24. Then they found themselves with no competitors, Tech and Boscoe withdrew from the League and Central finished the season with exhibition games. They played Sheldon-Williams twice, and Tech Senior and College Cubs once, winning all games. They met the Bible School Crusaders twice, winning one and losing the other. The coach of the team was Doug Coult, and the manager was Mr. Currie.

JUNIOR BASKETBALL

Central's junior team displayed some fine basketball for its fans this year. They fought their way to second place and a birth in the finals against Tech. They lost the city championship battle in a best-of-three affair. The juniors have fine potential and should provide the intermediates and seniors with some good players next year.

In the South Saskatchewan Tournament they dropped their first game to a hard-driving Sheldon-Williams squad. Dropping into the consolation bracket, they defeated Moose Jaw Central and faced Tech in the consolation final. Try as they might they could not overcome the Tech jinx, losing 41-30.

Congratulations to Mr. MacFarland, coach and staff advisor, for a hard job well done.

Senior

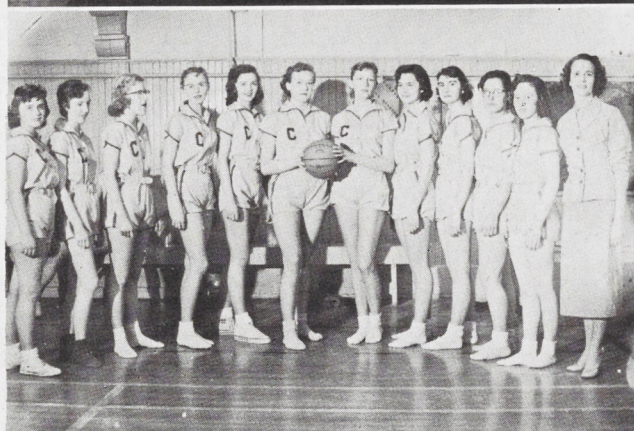

This year the senior girls' team was composed of four holdovers, five juniors and three newcomers. The seniors started out well, by winning two out of three of their pre-Christmas games. Because of certain Christmas exams, the seniors lost three key players, and lost two consecutive games. Then a ruling redeemed two of the players, but it wasn't enough as they lost their sixth game. In the next game, the seniors picked up their third win, by a narrow margin, then turned around, and lost their eighth game. In their second last match they picked up an easy win, and then in their last and crucial game, they lost the game that would have given them a playoff spot, by one point.

Much credit goes to Miss Tingley who managed to keep the team together, even though she was greatly hindered by the loss of three players. The seniors will only lose three players, who graduate, so let's hope they can look for a better season next year!

Junior

The junior team was composed of eleven entirely inexperienced girls this year, so Mrs. Lund had to start absolutely from scratch. The juniors didn't fair too well in their first game, losing to a very experienced Sheldon-Williams team. But they picked up perceptively after that, winning their next two games by considerable scores. The juniors fared much better in exams than the seniors did, and fortunately lost no players. And in their first game after Christmas, they picked up their third consecutive win. Then in their last game of league play, they unexpectedly lost, giving them a 3 win-2 loss record. Then they played a sudden-death game to decide who would come up against Sheldon-Williams, against Scott, and lost a heart-breaker by one point.

Orchids go to Mrs. Lund who whipped up such a creditable team in such a short time, and better luck next year!

LEARN TO BE A LEADER THROUGH R.O.T.P.

Young Canadians, graduating from High School this year, have a wonderful opportunity to go on to exciting careers in the Navy, Army or Air Force. Through the Regular Officer Training Plan (ROTP) qualified applicants can obtain a college education, military training, and ultimately the Queen's Commission . . . all under the sponsorship of the Department of National Defence.

On acceptance, applicants become Officer Cadets and attend one of the three Services Colleges . . . Royal Military College, Royal Roads, Collège Militaire Royal de Saint-Jean . . . or a designated Canadian University. During the summer they train with their chosen Service.

Officer Cadets receive ROTP rates of pay throughout their training. At the Services Colleges, quarters, food and all necessary equipment are provided. Cadets at Universities receive allowances for food and lodging, tuition, books and instruments.

For full information write to:

Regular Officer Training Plan Selection Board,
National Defence Headquarters, Ottawa, or:—
Registrar, Royal Military College, Kingston, Ont., or
Registrar, Royal Roads, Victoria, B.C., or
Registrar, Collège Militaire Royal de Saint-Jean,
Saint-Jean, P.Q., or

The nearest Navy, Army or Air Force
Recruiting Station

To be eligible: applicants must have Senior Matriculation or equivalent. In addition, a limited number of Junior Matriculants will be accepted at Collège Militaire Royal de Saint-Jean for a special preparatory year to bring them to Senior Matriculation standard. Age limits for Collège Militaire Royal de Saint-Jean are 16 to 20, for all others 16 to 21 on 1st January of year of entrance. Applicants must be single, physically fit and able to meet officer selection standards.

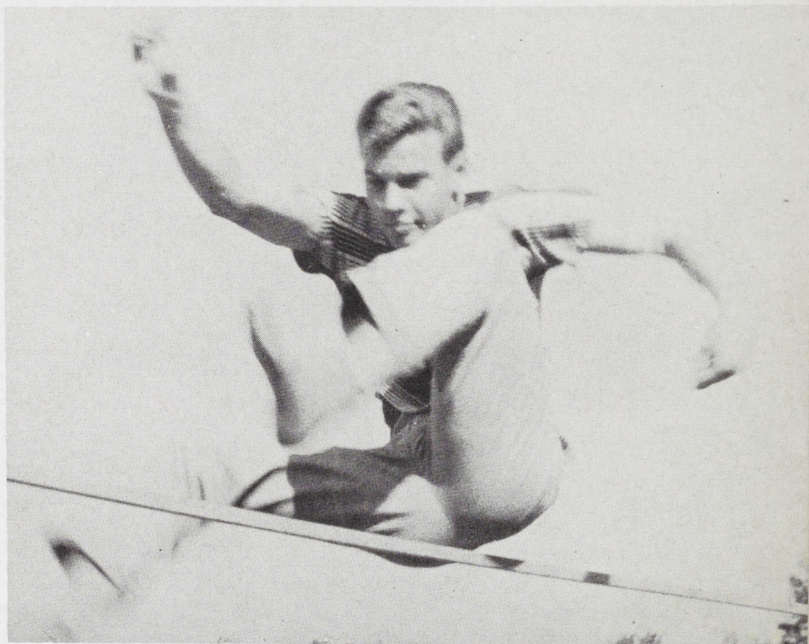

FIELD DAY

On September 26th and 27th, the student body gathered on the North Campus to enjoy Central's annual Field Meet. The weatherman produced two warm, sunny afternoons and the students sitting in the stands responded with enthusiastic cheers.

The Field Meet highlighted a new event which proved very entertaining to the students. It was a 40-yard teachers' dash which was won by Mr. McFarland, who finished well ahead of his nearest competitor.

Leander Forsythe, 4C, last year's junior champ, piled up 17 points in the senior division to top his class. Kim Yee, 2A, with 20 points, and Jack Leman, 2F, with 10 points, won the junior and midget boys' titles, respectively. Joan Stade, 4D, topped the senior girls' division with 12 points, while Dianne Dickson, 3F, compiled 18 points and captured the junior girls' crown. Gail Hume, 1G, won the midget girls' title with 15 points.

The competition between forms was keen this year, with 3F walking off with top honors. They compiled a total of 148 points. 4D ran a close second with 143 points and third was 2A with 132. 3F received the track and field banner, along with a case of cokes, for their efforts.

Tennis

Central's Tennis Club consisting this year of 100 members enjoyed a successful season under the able guidance of Mr. Williams, staff advisor. Barry Shave and Dave Williams went to the Provincial High School play-downs; and for the second straight year, Barry won the singles and teamed up with Dave to take the Doubles Championship.

Badminton

The 25-10 Jr. Memberships, members of Central's badminton club played at the Wascana Winter Club every Tuesday and Thursday afternoon from 3:30 to 5:30 and Saturday mornings from 10:00 to 1:00. After a school tournament Frank Harreman, Graham Forbes, Paul Lange, Peter Pidsosny, Rennie Bradley, Gladys Filchok, Janice Oliver, Rita Chadwick and Maureen Fitzgerald were chosen to represent Central in the city finals which Luther College won. The Club president was Frank Harreman and Secretary-Treasurer: Garry Wacker. Thanks to Mr. Currie, staff adviser, for his wonderful support.

BOWLING

BOWLING TEAM: Back Row—Don Szakash, Al. Shapiro, Glen Cudmore. Front Row—Gail Coops, Mr. Greenough, Donna Petrovitch.

Approximately 120 students took part in bowling this year. There were 100 regular bowlers and the remainder were spares, filling in when the regulars could not attend. They gathered every Tuesday at 3.30 at the Bolodrome, from November to April.

Glen Cudmore's team, consisting of Don Szakash, Alvin Shapiro, Gail Coops and Donna Petrovitch, won the trophy this year. Winning the trophy for the boys' high average was Jim Szakash, while Bev Chambers topped the girls' group.

Mr. Greenough capably handled the organization and supervision of the teams and thanks are in order to him for his wonderful help.

CURLING

CURLING TEAM: Georgina George, Cappy MacDonald, Mr. Williams, Lillian Johnson, Sandra Wood.

CURLING TEAM (BOYS): Ted Clarke, Ron Cox, Mr. Williams, Garry Neil, Dave Williams.

Every Tuesday at 3.30 between 50 and 60 students travelled to the Regina Curling Club to take part in school curling competitions. These regular draws lasted from mid-November until mid-March.

In January, the intercollegiate curling playdowns were held. Central's foursome of Ted Clarke (skip), Dave Williams (third), Gary Neil (second), and Ron Cox (lead) started the day by defeating Luther 16-5. However, they were set back into the "B" Division when Balfour Tech edged them 8-6 in the next game. In this division they beat Balfour 9-7 and advanced to the "B" Division final. Playing against Scott, Central lost 8-6 in a game which was decided by the last rock.

The girls who represented Central in the curling finals this year were Georgina George (skip), Cappy MacDonald (third), Lillian Johnson (second), and Sandra Wood (lead). These girls showed up very well in the playoffs. After beating Sheldon-Williams by a lopsided score, they advanced to the finals. In the final game they lost to Tech by three points.

Central can be proud of its curlers, who put up a good fight and a fine display of sportsmanship throughout the season. Also to be congratulated is Mr. Williams, who was in charge of all the student curlers, for his fine supervision.

Now Wait a Minute!

You Don't Have to Decide on One or the other

WHY NOT BOTH?

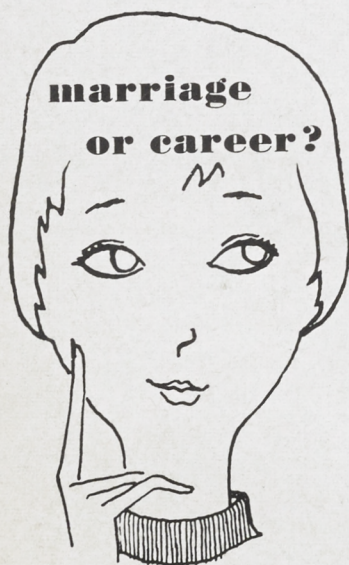

Did you know that $\frac{2}{3}$ of all working girls and women are married? That is right and those gals who are Comptometer Operators are really in Clover because there is a constant demand for them, and everybody knows the pay is good. There is never an employment fee because the 157 Comptometer schools around the world take care of that free the rest of your life. And also—no matter where that guy in your life is transferred there is a job waiting for you. But to have job security you must be prepared! Short course, low tuition, individual instruction.
